

## CommScope Reports Second Quarter 2019 Results

August 8, 2019

### Second Quarter 2019 Highlights

*(all comparisons highlighted below are year-over-year and include ARRIS results from the acquisition date, April 4, 2019, through June 30, 2019)*

- Net sales of \$2.57 billion; net sales of \$2.59 billion excluding purchase accounting adjustments\*
- GAAP operating loss of \$(209.2) million
- GAAP net loss of \$(1.81) per basic share compared to net income of \$0.34 per diluted share
- Non-GAAP adjusted EBITDA (excluding special items) increased 45.9% to \$395.6 million
- Non-GAAP adjusted net income (excluding special items) of \$0.66 per diluted share decreased 2.9%
- Issuing third quarter guidance of adjusted EBITDA in a range of \$310 million to \$370 million and adjusted EPS in a range of \$0.37 to \$0.47

*\*Excluded from the Company's sales for the second quarter of 2019 were \$18.3 million of sales related to deferred revenue purchase accounting adjustments.*

HICKORY, N.C.--(BUSINESS WIRE)--Aug. 8, 2019-- CommScope Holding Company, Inc. (NASDAQ: COMM), a global leader in infrastructure solutions for communications networks, reported results for the quarter ended June 30, 2019.

The company reported second quarter net sales of \$2.57 billion, an increase of 107% compared to \$1.24 billion during the same period in the prior year. The second quarter of 2019 included ARRIS sales of \$1.37 billion from the date of acquisition, April 4, 2019, through the end of the quarter. Excluding purchase accounting adjustments of \$18.3 million related to deferred revenue, net sales in the second quarter of 2019 were \$2.59 billion. CommScope generated a net loss of \$334 million, or \$(1.81) per basic share, a decrease from the prior year period's net income of \$65.9 million, or \$0.34 per diluted share. Non-GAAP adjusted net income for the second quarter of 2019 was \$152.8 million, or \$0.66 per diluted share, versus \$133.1 million, or \$0.68 per diluted share, in the second quarter of 2018. A reconciliation of reported GAAP results to non-GAAP results is attached.

"Our second quarter results were in-line with our expectations as we successfully navigated a difficult operating environment with disciplined execution," said President and Chief Executive Officer Eddie Edwards. "Despite the challenges facing the broader industry, including persistent headwinds due to declining cable operator spending, we are controlling what we can by continuing our work to streamline the combined operations and further reduce costs to maximize free cash flow generation. To that end, early in the third quarter we have redeemed \$100 million of long-term debt with an additional \$100 million expected on August 17<sup>th</sup>, 2019."

"The management team is working with a renewed sense of urgency to execute our strategic plan and deliver long-term growth and success. We remain confident that, with ARRIS and Ruckus, we will grow faster than the industry and benefit from favorable networking market trends, while continuing to enhance shareholder value. Given recent cable operator spending trends, I believe the operational initiatives we have in place will realign our resources to the highest return opportunities."

### Second Quarter 2019 Overview

For comparisons described below as pro forma, the second quarter of 2019 includes ARRIS results for April 1 to April 3, 2019, the three days within the calendar second quarter before the acquisition date of April 4, 2019, and the second quarter of 2018 includes historical ARRIS results reflecting certain classification changes to align to CommScope's presentation. All references to net sales exclude the purchase accounting adjustments referenced earlier in this press release. Reconciliations of the pro forma amounts and reported GAAP results to non-GAAP results are attached.

Net sales in the second quarter of 2019 of \$2.59 billion increased 108.5% year over year primarily due to the contribution of \$1.38 billion from the ARRIS acquisition.

On a pro forma basis, net sales decreased 11.9% year over year with lower results in the Connectivity Solutions, Customer Premise Equipment, Network and Cloud and Ruckus segments, partially offset by growth in the Mobility Solutions segment. The decrease was primarily due to lower sales to cable operator customers, pricing pressures and unfavorable impacts from foreign exchange rate changes of approximately 1%. From a regional perspective, sales were lower in most geographic regions.

GAAP operating income decreased 227% year over year to a loss of \$(209.2) million. GAAP operating loss was unfavorably impacted by transaction and integration costs related to the ARRIS acquisition, acquisition accounting adjustments primarily related to the markup of inventory, and higher restructuring costs, all of which are excluded from non-GAAP adjusted EBITDA.

Non-GAAP adjusted EBITDA increased 45.9% to \$395.6 million year over year. Pro forma non-GAAP adjusted EBITDA for the second quarter 2019 decreased by 20.1% to \$380.5 million, or 14.6% of pro forma net sales, a decrease of 150 basis points. Pro forma non-GAAP adjusted EBITDA was primarily impacted by lower sales volumes, partially offset by lower material costs and lower operating expenses.

### Second Quarter 2019 Segment Overviews

For comparisons described below as pro forma for the Customer Premise Equipment, Network and Cloud and Ruckus segments, the second quarter of 2019 includes ARRIS results for April 1 to April 3, 2019, the three days before the acquisition date of April 4, 2019, and the second quarter of 2018 includes historical ARRIS results reflecting certain classification changes to align to CommScope's presentation. All references to net sales exclude

the purchase accounting adjustments referenced earlier in this press release. Reconciliations of the pro forma amounts and reported GAAP results to non-GAAP results are attached.

### **Connectivity Solutions**

- Segment net sales of \$670.9 million decreased 9.4% due to lower sales volumes and reductions in certain selling prices. Changes in foreign exchange rates negatively impacted segment net sales by approximately 2%. From a regional perspective, net sales declined in all geographic regions.
- GAAP operating income of \$60.5 million decreased 29.2%. GAAP operating income was negatively impacted by higher costs related to the ARRIS transaction and restructuring costs, which are excluded from non-GAAP adjusted EBITDA. Non-GAAP adjusted EBITDA decreased 9.5% to \$142.2 million, or 21.2% of segment net sales, consistent with the adjusted EBITDA margin last year. Non-GAAP adjusted EBITDA was negatively impacted by lower net sales, partially offset by lower operating expenses, lower material costs and favorable mix.

### **Mobility Solutions**

- Segment net sales of \$529.4 million increased 6% as a result of higher sales volumes, partially offset by reductions in certain selling prices. From a regional perspective, strong demand in North America and to a lesser extent the EMEA region more than offset a decline in the Asia-Pacific region. Changes in foreign exchange rates negatively impacted segment net sales by approximately 1%.
- GAAP operating income of \$98.5 million increased 24.2%. GAAP operating income was negatively impacted by higher costs related to the ARRIS transaction and restructuring costs, which are excluded from non-GAAP adjusted EBITDA. Non-GAAP adjusted EBITDA increased 23.3% to \$140.4 million, or 26.5% of net segment sales, a 370 basis point increase from the year ago period. Non-GAAP adjusted EBITDA benefited from higher sales volumes and cost reduction initiatives.

### **Customer Premise Equipment**

- Segment net sales for the second quarter 2019 were \$889.7 million. Pro forma second quarter 2019 segment net sales of \$913.1 million decreased 9.4% from the pro forma year ago period. From a regional perspective, declines in the EMEA and North America regions were the result of reduced cable operator spending. These declines were partially offset by higher sales in the Asia-Pacific region.
- GAAP operating loss was \$25 million. GAAP operating income was negatively impacted by acquisition accounting adjustments and restructuring costs, which are excluded from non-GAAP adjusted EBITDA. Pro forma non-GAAP adjusted EBITDA decreased 1.8% to \$60.3 million, or 6.6% of net sales, compared to 6.1% in the year ago period. The stability of pro forma adjusted EBITDA margins was primarily the result of lower material costs.

### **Network and Cloud**

- Segment sales for the second quarter 2019 were \$343.9 million. Pro forma second quarter 2019 segment net sales of \$347.7 million decreased 36.7% from the pro forma year ago period. From a regional perspective, declines in the North America, CALA and EMEA regions were primarily due to lower cable operator spending. These declines were partially offset by higher sales in the Asia-Pacific region.
- GAAP operating loss was \$229.6 million. GAAP operating income was negatively impacted by acquisition accounting adjustments, transaction and integration costs and restructuring costs, which are excluded from non-GAAP adjusted EBITDA. Pro forma non-GAAP adjusted EBITDA decreased 72.8% to \$35 million, or 10.1% of net sales, compared to 23.4% of net sales in the pro forma year ago period.

### **Ruckus**

- Segment sales for the second quarter 2019 were \$151.1 million. Pro forma second quarter 2019 segment sales of \$152.5 million decreased 9.7% from the pro forma year ago period. From a regional perspective, net sales declined in the North America region, partially offset by higher sales in the Asia-Pacific and EMEA regions.
- GAAP operating loss was \$113.6 million. GAAP operating income was negatively impacted by acquisition accounting adjustments and transaction and integration costs, which are excluded from non-GAAP adjusted EBITDA. Pro forma non-GAAP adjusted EBITDA decreased 83.1% to \$2.6 million, or 1.7% of net segment sales, compared to 9.1% of net sales in the pro forma year ago period.

### **Outlook**

Today, CommScope management issued third quarter guidance.

Third Quarter Guidance:

- Revenue of \$2.3 billion – \$2.5 billion

- Operating income (loss) of \$(5) million – \$5 million
- Non-GAAP adjusted EBITDA of \$310 million – \$370 million
- Non-GAAP adjusted effective tax rate of approximately 29% – 30%
- Loss per share of \$(0.81) – \$(0.85), based on 194 million weighted average basic shares
- Non-GAAP adjusted earnings per diluted share of \$0.37 – \$0.47, based on 232 million weighted average diluted shares (assuming the if-converted method is applied for our Series A Convertible Preferred Stock).

A reconciliation of GAAP to non-GAAP outlook is attached.

“While we continue to see short-term top-line pressure primarily related to lower cable operator spending, we are confident about the long-term strategic growth opportunities for the business,” Edwards said. “With our substantial portfolio of products and services and unprecedented access to advanced technologies such as 5G, next generation DOCSIS, distributed access architectures, network virtualization, Wi-Fi 6 and structured cable, we are well-positioned to capitalize on industry tailwinds and unlock high growth market potential in 2020 and beyond. We have a proven track record of successfully de-levering the balance sheet while managing top-line softness, and we will continue to capitalize on this experience and focus on operational excellence, cost reduction, cost synergy acceleration and free cash flow opportunities.”

### Conference Call, Webcast and Investor Presentation

As previously announced, CommScope will host a conference call today at 8:30 a.m. ET in which management will discuss second quarter 2019 results and third quarter 2019 guidance. The conference call will also be webcast.

To participate in the conference call, dial +1 844-397-6169 (US and Canada only) or +1 478-219-0508. The conference identification number is 8174477. Please plan to dial in 15 minutes before the start of the call to facilitate a timely connection. The live, listen-only audio of the call and corresponding presentation will be available through a link on [CommScope's Investor Relations page](#).

A webcast replay will be archived on [CommScope's website](#) for a limited period of time following the conference call.

### About CommScope

CommScope (NASDAQ: COMM) and the recently acquired ARRIS and Ruckus Networks are redefining tomorrow by shaping the future of wired and wireless communications. Our combined global team of employees, innovators and technologists have empowered customers in all regions of the world to anticipate what's next and push the boundaries of what's possible. ### Non-GAAP Financial Measures

CommScope management believes that presenting certain non-GAAP financial measures enhances an investor's understanding of our financial performance. CommScope management further believes that these financial measures are useful in assessing CommScope's operating performance from period to period by excluding certain items that we believe are not representative of our core business. CommScope management also uses certain of these financial measures for business planning purposes and in measuring CommScope's performance relative to that of its competitors. CommScope management believes these financial measures are commonly used by investors to evaluate CommScope's performance and that of its competitors. However, CommScope's use of the terms pro forma net sales, non-GAAP adjusted operating income, non-GAAP adjusted EBITDA, pro forma non-GAAP adjusted EBITDA (both including and excluding synergies and cost savings), non-GAAP adjusted net income and non-GAAP adjusted diluted earnings per share and adjusted free cash flow may vary from that of others in its industry. These financial measures should not be considered as alternatives to operating income (loss), net income (loss) or any other performance measures derived in accordance with U.S. GAAP as measures of operating performance, operating cash flows or liquidity.

### Forward Looking Statements

This press release or any other oral or written statements made by us or on our behalf may include forward-looking statements that reflect our current views with respect to future events and financial performance. These statements may discuss goals, intentions or expectations as to future plans, trends, events, results of operations or financial condition or otherwise, in each case, based on current beliefs of management, as well as assumptions made by, and information currently available to, such management. These forward-looking statements are generally identified by their use of such terms and phrases as “intend,” “goal,” “estimate,” “expect,” “project,” “projections,” “plans,” “potential,” “anticipate,” “should,” “could,” “designed to,” “foreseeable future,” “believe,” “think,” “scheduled,” “outlook,” “target,” “guidance” and similar expressions, although not all forward-looking statements contain such terms. This list of indicative terms and phrases is not intended to be all-inclusive.

These statements are subject to various risks and uncertainties, many of which are outside our control, including, without limitation, risks related to the ARRIS acquisition; our dependence on customers' capital spending on data and communication systems; concentration of sales among a limited number of customers and channel partners; changes in technology; industry competition and the ability to retain customers through product innovation, introduction and marketing; risks associated with our sales through channel partners; changes to the regulatory environment in which our customers operate; product quality or performance issues and associated warranty claims; our ability to maintain effective management information technology systems and to implement major systems initiatives successfully; cyber-security incidents, including data security breaches, ransomware or computer viruses; the risk our global manufacturing operations suffer production or shipping delays, causing difficulty in meeting customer demands; the risk that internal production capacity or that of contract manufacturers may be insufficient to meet customer demand or quality standards; changes in cost and availability of key raw materials, components and commodities and the potential effect on customer pricing; risks associated with our dependence on a limited number of key suppliers for certain raw materials and components; the risk that contract manufacturers we rely on encounter production, quality, financial or other difficulties; our ability to integrate and fully realize anticipated benefits from prior or future divestitures, acquisitions or equity investments; potential difficulties in realigning global manufacturing capacity and capabilities among our global manufacturing facilities or those of our contract manufacturers that may affect our ability to meet customer demands for products; possible future restructuring actions; substantial indebtedness and maintaining compliance with debt covenants; our ability to incur additional indebtedness; our ability

to generate cash to service our indebtedness; possible future impairment charges for fixed or intangible assets, including goodwill; income tax rate variability and ability to recover amounts recorded as deferred tax assets; our ability to attract and retain qualified key employees; labor unrest; obligations under our defined benefit employee benefit plans requiring plan contributions in excess of current estimates; significant international operations exposing us to economic, political and other risks, including the impact of variability in foreign exchange rates; our ability to comply with governmental anti-corruption laws and regulations and export and import controls worldwide; our ability to compete in international markets due to export and import controls to which we may be subject; the impact of Brexit; changes in the laws and policies in the United States affecting trade, including the risk and uncertainty related to tariffs or a potential global trade war that may impact our products; costs of protecting or defending intellectual property; costs and challenges of compliance with domestic and foreign environmental laws; the impact of litigation and similar regulatory proceedings that we are involved in or may become involved in, including the costs of such litigation, risks associated with stockholder activism, which could cause us to incur significant expense, hinder execution of our business strategy and impact the trading value of our securities; and other factors beyond our control. These and other factors are discussed in greater detail in Part II, Item 1A, Risk Factors, of our Quarterly Report on Form 10-Q for the three months ended March 31, 2019.

Such forward-looking statements are also subject to additional risks and uncertainties related to the recently acquired ARRIS business, many of which are outside of our control, including, without limitation: the risk that we will not successfully integrate ARRIS or that we will not realize estimated cost savings, synergies, growth or other anticipated benefits, or that such benefits may take longer to realize than expected; risks relating to unanticipated costs of integration; the potential impact of the acquisition on relationships with third parties, including customers, employees and competitors; failure to manage potential conflicts of interest between or among customers; integration of information technology systems; and other factors beyond our control.

Although the information contained in this press release represents our best judgment as of the date of this release based on information currently available and reasonable assumptions, we can give no assurance that the expectations will be attained or that any deviation will not be material. Given these uncertainties, we caution you not to place undue reliance on these forward-looking statements, which speak only as of the date made. We are not undertaking any duty or obligation to update this information to reflect developments or information obtained after the date of this report, except as otherwise may be required by law.

(1) Primarily reflects transaction and integration costs related to the Acquisition in 2019 and BNS acquisition integration costs in 2018.

(2) Reflects adjusted EBITDA related to the ARRIS business from July 1, 2018 to the Acquisition date calculated in accordance with CommScope's definition.

(3) Reflects annualized synergies expected to be realized in the three years following the close of the Acquisition.

(4) Represents annualized savings expected from announced cost reduction initiatives.

**Reconciliation of GAAP Measures to Non-GAAP Adjusted Measures**

**(Unaudited -- In millions, except per share amounts)**

**Outlook**

**Three Months Ended**

**September 30,  
2019**

**Operating income (loss)**

**\$(5) - \$5**

Adjustments:

Amortization of purchased intangible assets	\$163 - \$167
Restructuring costs, transaction and integration costs and other <sup>(1)</sup>	\$5 - \$20
Purchase accounting	\$81 - \$104
Equity-based compensation	\$24 - \$28
Depreciation	\$42 - \$46
Total adjustments to operating income	\$315 - \$365
<b>Non-GAAP adjusted EBITDA</b>	<b>\$310 - \$370</b>
<b>Basic loss per share</b>	<b>\$(0.81) - \$(0.85)</b>
Adjustments <sup>(2)</sup> :	
Total adjustments to operating income	\$0.94 - \$1.06
Debt-related costs and other special items <sup>(3)</sup>	\$0.07 - \$0.07
Impact of Series A convertible preferred stock <sup>(4)</sup>	\$0.17 - \$0.19
<b>Non-GAAP adjusted diluted earnings per share <sup>(5)</sup></b>	<b>\$0.37 - \$0.47</b>

(1) Reflects projections for restructuring costs, transaction and integration costs and other special items. Actual adjustments may vary from projections.

(2) The tax rates applied to projected adjustments reflect the tax expense or benefit based on the expected tax jurisdiction of the entity generating the projected adjustments. There are certain items for which we expect little or no tax effect.

(3) Reflects projections for amortization of debt issuance costs, amortization of original issue discount and tax items. Actual adjustments may vary from projections.

(4) Reflects the impacts of the Series A convertible preferred stock on the earnings per share calculation, including the impact of if-converted dilutive shares that were considered anti-dilutive with a GAAP net loss.

(5) Weighted average diluted shares calculated assuming the if-converted method is applied for the Series A convertible preferred stock.

Our actual results may be impacted by additional events for which information is not currently available, such as additional restructuring activities, asset impairments, debt extinguishments, additional transaction and integration costs, foreign exchange rate fluctuations and other gains or losses related to events that are not currently known or measurable.

See Caution Regarding Forward-Looking Statements and Description of Non-GAAP Financial Measures.
