COMMSCOPE®

March 25, 2024

Dear CommScope Stockholders,

Like all companies in our industry, CommScope faced significant global economic headwinds in 2023 and a very different economy from the one that delivered such big wins for us in 2022. Even so, we pivoted proactively to manage those factors that we can control, leaning on the strengths of our R&D pipeline, our innovation-driven culture, and of course, the dedicated people who build the solutions that connect the world.

In 2023, we aggressively used our cash generated to repurchase \$217 million of the debt that has negatively impacted our share value and market capitalization, and we will continue to work toward improving our leverage in 2024. We believe this, combined with our outstanding R&D pipeline, exceptional talent and a leaner, more efficient company structure, will put CommScope in a commanding position to capitalize on the expected recovery.

Following the principles of our CommScope NEXT strategic transformation, it's clear that getting to the next level will mean being excellent in our go-to-market strategy. It will mean committed sales teams helping our customers deliver world class connectivity and communication systems. It will mean continuing to control costs—and also investing in those innovations that will deliver long-term growth for the company, our customers and you, our shareholders. In 2023, this was reflected by our loss from continuing operations improving to \$851.3 million and achieving Core Adjusted EBITDA of \$1.02 billion.

Our core markets and industries demonstrate an ongoing unprecedented build in fiber to the home (FTTH) networks, and we remain well positioned to benefit from mid- and long-term technological changes that prioritize products made in America and will be supported by United States Federal funding programs expected to commence in late 2024. We continue to fund innovation and advancement and invest in our future. Much of this innovation is focused on enabling faster, smarter and more sustainable solutions that meet our customers' current and future sustainability requirements, which aligns with our sustainability goals.

CommScope continued to demonstrate strong environmental stewardship in 2023, earning recognition from *Newsweek*, *EcoVadis* and *Cabling Installation and Maintenance* as well as being upgraded to ESG Prime status by ISS for our social and environmental performance. Finally, we demonstrated our commitment to our people through the Diversity & Inclusion Business Network, which empowers every employee to deliver their best—for the company, for the customer and for themselves.

On behalf of the entire Board, I thank you for your investment in CommScope. The values and priorities laid down in CommScope NEXT reflect those of the people who make this company work, whose commitment to building the networks of the future remains as strong as ever. As I have mentioned, we continue to manage what we can control and are confident we are well positioned to drive significant value for our stakeholders.

Sincerely,

Charles L. Treadway

President and Chief Executive Officer

Stockholder Outreach Highlights

In each of 2022 and 2023, the Company received 98% support for its say-on-pay proposal. We believe this reflects our responsiveness to the feedback we heard through our stockholder outreach initiatives and the changes the Compensation Committee made to our executive compensation programs for 2022 and 2023.

We regularly meet with investors to discuss a variety of business, industry and competitive dynamics. During the course of these discussions, the Company seeks to gather feedback on its executive compensation and governance programs to ensure that interests are aligned with stockholders.

Financial Performance Highlights⁽¹⁾ (page 45)

2023 Selected Financial Performance Highlights ⁽¹⁾					
	Net Sales	Loss from Continuing Operations	Non-GAAP Adjusted EBITDA ⁽²⁾	Core Adjusted EBITDA ⁽²⁾⁽³⁾	December 31 Stock Price
2023	\$ 5,789.2	\$ (851.3)	\$ 999.0	\$ 1,022.2	\$ 2.82
Change	\$ (1,735.5)	\$ 333.4	\$ (224.4)	\$ (228.2)	\$ (4.53)
2022	\$ 7,524.7	\$ (1,184.7)	\$1,223.4	\$ 1,250.4	\$ 7.35

(1) Financial performance highlights are from continuing operations and do not include the net sales, net loss or adjusted EBITDA classified as discontinued operations related to the divestiture of our Home Networks (Home) segment.

(2) See reconciliation of non-GAAP financial measures included in Appendix A hereto.

(3) Core adjusted EBITDA reflects the results of our Connectivity and Cable Solutions (CCS), Outdoor Wireless Networks (OWN), Networking, Intelligent Cellular and Security Solutions (NICS) and Access Network Solutions (ANS) segments, in the aggregate, and excludes general corporate costs that were previously allocated to the Home segment and are now classified as continuing operations.

Executive Compensation Program Highlights (page 46)

Our executive compensation approach is straightforward and supports our pay-for-performance philosophy:

- Significant portion of executive pay is at risk
- Equity awards with multi-year vesting, allocated between performance and time-based awards
- Regular stockholder outreach in connection with the annual say-on-pay vote
- A compensation approach that does not create incentives for excessive risk taking
- Policy prohibiting hedging and pledging of Company shares
- New Compensation Recovery “Clawback” Policy to recover incentive compensation from executives in the event of a restatement of our financial statements

The principal objectives of our NEO pay include:

- Competitive pay – allows us to attract top talent and to retain those executives by providing substantial pay for performance opportunity
- Pay for performance – by rewarding outstanding results that will enhance near-term performance and drive long-term sustainable returns
- Alignment with stockholders – through performance goals and by setting meaningful equity ownership guidelines

Elements of our Executive Compensation Program (page 48)

The following table summarizes the primary elements of our executive compensation program for 2023. Please see our Compensation Discussion and Analysis beginning on page 44.

Compensation Element	Purpose	2023 Pay Outcome
Base Salary	Recognize performance of job responsibilities as well as attract and retain individuals with superior talent.	Base salary for Mr. Treadway was increased by 14.3% to bring it more in line with the median salary of our peer group, and Mr. Giordano's salary was increased by 16.2% in connection with his appointment as head of the NICS segment. The base salary increase was 3% for Mr. Choi and less than 1% for Mr. Lorentzen. Mr. Chow did not receive a base salary increase.
AIP Bonus Awards	<p>Provide short-term incentives linked directly to achievement of financial objectives. Our NEOs' 2023 AIP, with the exception of Messrs. Giordano and Chow, was based on the following metrics:</p> <ul style="list-style-type: none"> • 70% on Core Adjusted EBITDA; • 20% on Core Revenue; and • 10% on strategic objectives tied to CommScope NEXT. <p>Core Adjusted EBITDA and Core Revenue are the aggregate Adjusted EBITDA and revenue results, respectively, of our CCS, OWN, NICS and ANS segments.</p> <p>As a result of the divestiture of the Home Networks (Home) segment, our results are now reported based on continuing operations. Core Revenue aligns with net sales from continuing operations, but Core Adjusted EBITDA does not align with Adjusted EBITDA from continuing operations because Core Adjusted EBITDA excludes general corporate costs that were previously allocated to the Home segment that are now included within continuing operations.</p>	<p>We did not achieve threshold performance for our Core Adjusted EBITDA and Core Revenue metrics. Target performance was met for the strategic objectives metric, resulting in a 10.0% payout for each of Messrs. Treadway, Lorentzen and Choi.</p> <p>The NICS segment achieved maximum performance for the NICS segment Adjusted EBITDA and above target performance for the NICS segment revenue metric. Additionally, target performance was met for the strategic objectives metric resulting in a total payout of 179.1% for Mr. Giordano.</p> <p>The Home segment did not achieve threshold performance for the Home segment Adjusted EBITDA metric and achieved below target performance on the strategic objectives metric, resulting in a payout of 25.0% for Mr. Chow.</p>

Compensation Element	Purpose	2023 Pay Outcome
	<p>The 2023 AIP for Mr. Giordano, who is the NICS segment leader, was based 70% on the Adjusted EBITDA for the NICS segment, 20% on revenue for the NICS segment, and 10% on corporate strategic objectives.</p> <p>The 2023 AIP for Mr. Chow, who was the Home segment leader, was based 50% on the Adjusted EBITDA for the Home segment, and 50% on Home segment strategic objectives</p>	
<p>Equity Incentive Awards</p>	<p>Directly link senior management's and stockholders' interests by tying long-term incentive to stock price appreciation.</p> <p>All NEOs received two different types of performance share units (PSUs) in 2023:</p> <ul style="list-style-type: none"> Total Stockholder Return (TSR) PSUs, which are eligible to vest based upon the achievement of goals relating to our TSR ranking relative to the TSR of the companies, other than the Company, comprising the Standard & Poor's 500 Index (S&P 500) over a three-year period from March 1, 2023 through February 28, 2026. Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs), which are eligible to vest based upon on achievement of cumulative Core Adjusted EBITDA goals (or for Mr. Chow, Home segment Adjusted EBITDA goals) for the three-year period covering fiscal years 2023, 2024 and 2025. <p>All NEOs also received restricted stock units (RSUs) that vest over three years, conditioned on continued service.</p>	<p>The TSR PSUs and Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs) granted in 2022 and 2023 are not eligible to vest until the end of their respective performance periods.</p> <p>The Executive Performance Retention Grant (EPRG) PSUs granted in prior years are eligible to vest based upon the achievement of various stock price hurdles (ranging from a low of \$15 for Messrs. Treadway and Lorentzen and \$17.50 for Messrs. Choi and Chow, to a high of \$40) and continued service over a four-year period. The EPRG PSUs will require continued service from these NEOs and significant growth in our stock price in order to vest fully. Mr. Giordano did not receive EPRG PSUs.</p>

Corporate Governance Highlights (page 18)

We are committed to strong corporate governance, which we believe is important to the success of our business. Our corporate governance practices are described in greater detail in the “*Corporate Governance Matters and Committees of the Board of Directors*” section. Highlights include:

- Strong, independent Board with a Lead Independent Director
- Independent directors meet regularly in executive sessions
- Risk oversight provided by both the appropriate committees and the full Board
- Regular Board and committee self-evaluations
- Majority voting in uncontested director elections
- Annual director election

This Proxy Statement is being furnished to the stockholders of the Company in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting, and at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of 2024 Annual Meeting of Stockholders. The Annual Meeting will be held on May 9, 2024 at 1:00 p.m., Eastern Time. To provide expanded access to our Annual Meeting to stockholders who would not otherwise be able to attend, the 2024 Annual Meeting will be held solely on the Internet by virtual means. Information regarding how to access and vote at or participate in the virtual Annual Meeting is provided herein and in the accompanying Notice of 2024 Annual Meeting of Stockholders.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive a Notice of Internet Availability of Proxy Materials?

You are receiving this Proxy Statement because you owned shares of CommScope common stock or Series A Convertible Preferred Stock at the close of business on March 13, 2024 (Record Date), and that entitles you to vote at the Annual Meeting. By use of a proxy, you can vote whether or not you attend the Annual Meeting.

We are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about March 26, 2024, we mailed a Notice to our stockholders. The Notice contains instructions about how to access our proxy materials and vote via the Internet or telephone. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice. If you previously chose to receive our proxy materials electronically, you will continue to receive access to these materials via e-mail unless you elect otherwise.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock and/or our Series A Convertible Preferred Stock outstanding at the close of business on the Record Date are entitled to vote their shares at the Annual Meeting. As of the Record Date, 212,244,891 shares of our common stock were issued and outstanding. Each share of our common stock is entitled to one vote on each matter properly brought before the Annual Meeting and on which holders of common stock are entitled to vote.

Each record holder of Series A Convertible Preferred Stock will have a number of votes equal to the largest number of whole shares of common stock into which such shares are convertible on the Record Date on each matter that is properly brought before the Annual Meeting and on which

holders of Series A Convertible Preferred Stock are entitled to vote together with common stock as a single class. In addition, each holder of record of Series A Convertible Preferred Stock will have one vote for each share of Series A Convertible Preferred Stock on each matter that is properly brought before the Annual Meeting and on which holders of Series A Convertible Preferred Stock are entitled to vote separately, as a class. As of the Record Date, there were 1,162,085 shares of Series A Convertible Preferred Stock outstanding, which were convertible into 42,257,594 shares of common stock.

The presence at the Annual Meeting in person or by proxy of the holders of record of a majority in voting power of the shares entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting.

What will I be voting on at the Annual Meeting and how does the Board recommend that I vote?

The holders of shares of Series A Convertible Preferred Stock are being asked to vote, separately as a class, on the following item:

- Proposal No. 1—Election of two directors designated by Carlyle, each for a term ending at the 2025 Annual Meeting of Stockholders or until his or her successor is elected and qualified to serve;

The holders of shares of common stock and shares of Series A Convertible Preferred Stock, voting together as a single class, are being asked to consider and vote on the following items:

- Proposal No. 2—Election of eight directors to the Company's Board of Directors, each for a term ending at the 2025 Annual Meeting of Stockholders or until his or her successor is elected and qualified to serve;
- Proposal No. 3—Advisory vote to approve the compensation of our NEOs as set forth in this Proxy Statement;
- Proposal No. 4—Approval of additional shares under our 2019 Long-Term Incentive Plan; and
- Proposal No. 5—Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2024.

The Board recommends that you vote:

- Proposal No. 1—**FOR** the election of each of the two nominees designated by Carlyle to the Board;
- Proposal No. 2—**FOR** the election of each of the eight director nominees to the Board;
- Proposal No. 3—**FOR** the advisory vote to approve the compensation of our NEOs as set forth in this Proxy Statement;
- Proposal No. 4—**FOR** the approval of additional shares under our 2019 Long-Term Incentive Plan; and
- Proposal No. 5—**FOR** ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2024.

Each of Kyle D. Lorentzen and Justin C. Choi has been selected by our Board to serve as a proxy holder for the Annual Meeting. All shares of our common stock and Series A Convertible Preferred

Stock represented by properly delivered proxies received in time for the Annual Meeting will be voted at the Annual Meeting by the proxy holders in the manner specified in the proxy by the stockholder. If you sign and return a proxy card without indicating how you want your shares to be voted, the persons named as proxies will vote your shares in accordance with the recommendations of the Board.

Are there any requirements on how the holders of the Series A Convertible Preferred Stock must vote?

Under the Investment Agreement, at the Annual Meeting, Carlyle is required to vote its shares of Series A Convertible Preferred Stock in favor of each of the director nominees who are nominated and recommended by the Board for election, in favor of the advisory vote on the compensation of our NEOs and any proposal by the Company relating to equity compensation that has been approved by the Compensation Committee of the Board (including the proposal to approve additional shares under our 2019 Long-Term Incentive Plan), and in favor of the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2024, as described in these proxy materials. Carlyle is entitled to vote at its discretion on any other proposals described in this Proxy Statement or any other matters properly raised at the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Equiniti, you are considered, with respect to those shares, the "stockholder of record." The Proxy Statement has been or will be sent directly to you. If you are a "stockholder of record," you can find your voter control number on your original proxy card or Notice of Internet Availability of Proxy Materials. This voter control number will allow you to access, participate in, and vote at our virtual Annual Meeting.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of those shares held in street name. The Proxy Statement has been or will be sent to you by your broker, bank or other holder of record who is considered, with respect to those shares, to be the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote the shares in your account. If you are a "beneficial owner" and you wish to participate in or vote at our virtual Annual Meeting, you will need to obtain a legal proxy from your broker, bank or other holder of record and register for the virtual Annual Meeting in advance with Equiniti. For more information about the registration process, see "How do I vote?" below.

How do I vote?

Stockholder of Record. If you are a stockholder of record, you may vote by using any of the following methods:

- Through the Internet. You may vote by proxy through the Internet by following the instructions in this Proxy Statement or the instructions on the proxy card.
- By Telephone. You may vote by proxy by calling the toll-free telephone number shown on the proxy card and following the recorded instructions.
- By Mail. You may vote by proxy by completing, signing and dating the proxy card and sending it back to the Company in the envelope provided.

- *Virtually at the Annual Meeting.* The meeting will be hosted virtually at <https://web.lumiagm.com/285972254>. The meeting will begin promptly at 1:00 p.m., Eastern Time, and online access will open 15 minutes prior to allow time to log in. The log-in password is: commscope2024. You will also need your voter control number (an 11-digit number), which, if you are a stockholder of record, you can find on your original proxy card or Notice of Internet Availability of Proxy Materials. If you attend the virtual Annual Meeting, you may vote your shares virtually on the virtual meeting platform. However, we encourage you to vote in advance through the Internet, by telephone or by mailing us your proxy card even if you plan to attend the virtual Annual Meeting, so that your shares will be voted in the event you later decide not to attend. The Annual Meeting will be held solely on the Internet by virtual means, so you will not be able to attend or vote your shares at the Annual Meeting in person.

Beneficial Owners. If you are a beneficial owner of shares, you may vote by using any of the following methods:

- *Through the Internet.* You may vote by proxy through the Internet by following the instructions provided in this Proxy Statement and the voting instruction form provided by your broker, bank or other holder of record.
- *By Telephone.* You may vote by proxy by calling the toll-free telephone number found on the voting instruction form and following the recorded instructions.
- *By Mail.* You may vote by proxy by completing, signing and dating the voting instruction form and sending it back to the record holder in the envelope provided.
- *Virtually at the Annual Meeting.* If you are a beneficial owner of shares held in street name and you wish to vote at the virtual Annual Meeting, you must (i) obtain a legal proxy from your broker, bank or other holder of record and (ii) register in advance with Equiniti and receive an 11-digit control number. Please contact your broker, bank or other holder of record for instructions regarding obtaining a legal proxy. Once obtained, you must submit your legal proxy, along with your name and e-mail address to Equiniti and request registration. Requests for registration and submission of legal proxies should be labeled as “Legal Proxy” and must be received by Equiniti no later than 5 p.m., Eastern Time, on May 3, 2024. All such requests should be submitted (1) by email to helpAST@equiniti.com, (2) by facsimile to (718) 765-8730 or (3) by mail to Equiniti Trust Company, LLC, Attn: Proxy Tabulation Department, 48 Wall Street, Floor 23, New York, NY 10005. Once you have obtained your 11-digit control number from Equiniti, please follow the steps set forth above for stockholders of record to vote virtually at the Annual Meeting. The Annual Meeting will be held solely on the Internet by virtual means, so you will not be able to attend or vote your shares at the Annual Meeting in person.

If you hold both common stock and Series A Convertible Preferred Stock, you will need to vote, or authorize a proxy to vote, each class of stock separately so that all your votes can be counted. For more information, see “What if I hold both common stock and Series A Convertible Preferred Stock?” below.

What if I hold both common stock and Series A Convertible Preferred Stock?

Some of our stockholders may hold both common stock and Series A Convertible Preferred Stock. If you are a holder of both common stock and Series A Convertible Preferred Stock, you can expect to receive separate sets of printed proxy materials.

You will need to vote, or authorize a proxy to vote, each class of stock separately in accordance with the instructions set forth herein and on the applicable proxy cards or voting instruction forms. Voting, or authorizing a proxy to vote, only your common stock will not also cause your shares of Series A Convertible Preferred Stock to be voted, and vice versa.

If you hold both common stock and Series A Convertible Preferred Stock, please be sure to vote or authorize a proxy to vote for each class of stock separately so that all your votes can be counted.

What does it mean if I receive more than one Notice, proxy card or voting instruction form?

If you received more than one Notice, proxy card or voting instruction form, your shares are registered in more than one name or are registered in different accounts. Please follow the voting instructions included in each Notice, proxy card and voting instruction form to ensure that all your shares are voted.

May I change my vote after I have submitted a proxy?

If you are a stockholder of record, you have the power to revoke your proxy at any time by:

- delivering to our Corporate Secretary written revocation of your proxy;
- delivering a new proxy, through the Internet, by telephone or by mail, dated after the date of the proxy being revoked; or
- attending the Annual Meeting and voting virtually at the Annual Meeting using the virtual meeting platform (attendance without casting a ballot will not, by itself, constitute revocation of a proxy).

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other holder of record.

Who will serve as the proxy tabulator and inspector of election?

A representative from Equiniti will serve as the independent inspector of election and will tabulate votes cast by proxy or in person at the Annual Meeting. We will report the results in a Form 8-K filed with the Commission within four business days of the Annual Meeting.

How will abstentions and “broker non-votes” be counted?

The shares of a stockholder whose ballot on any or all proposals is marked as “abstain” will be included in the number of shares present at the Annual Meeting to determine whether a quorum is present, but they will not be considered votes cast on any proposal. The director nominees will be elected if they receive the majority of the votes cast, so abstentions will have no effect on the outcome of Proposals No. 1 and No. 2. However, since these shares are considered present and entitled to vote, abstentions will have the same effect as a vote against Proposals No. 3, No. 4 and No. 5. If you are a beneficial owner of shares and do not provide the record holder of your shares with specific voting instructions, your record holder may vote your shares on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2024 (Proposal No. 5). However, your record holder cannot vote your shares without specific instructions on the election of directors (Proposals No. 1 and No. 2), the advisory vote on the compensation of our NEOs (Proposal No. 3), or the vote to approve additional shares under our 2019 Long-Term

Incentive Plan (Proposal No. 4). If your record holder does not receive instructions from you on how to vote your shares on Proposals 1, 2, 3 or 4, your record holder will inform the inspector of election that it does not have the authority to vote on that proposal with respect to your shares. This is generally referred to as a “broker non-vote.” Broker non-votes will be counted as present for purposes of determining whether a quorum is present, but they will not be counted in determining the outcome of the vote on Proposals 1, 2, 3 or 4.

What vote is required to approve each proposal?

The following table summarizes the votes required for passage of each proposal and the effect of abstentions and broker non-votes.

Proposal	Vote Required	Impact of Abstentions and Broker Non-votes, if any
No. 1—Election of the directors designated by Carlyle	Each director designated by Carlyle will be elected by a majority of the votes cast by holders of our Series A Convertible Preferred Stock voting with respect to that director, meaning the number of votes cast “for” a director must exceed the number of votes cast “against” that director.	Abstentions and broker non-votes will not affect the outcome of the vote.
No. 2—Election of the directors nominated by the Board	Each director will be elected by a majority of the votes cast by holders of our common stock and Series A Convertible Preferred Stock voting together as a single class with respect to that director, meaning the number of votes cast “for” a director must exceed the number of votes cast “against” that director.	Abstentions and broker non-votes will not affect the outcome of the vote.
No. 3—Advisory vote to approve compensation of our NEOs, as described in this Proxy Statement	Approval by a majority of the voting power of the shares entitled to vote and represented in person or by proxy.	Abstentions will have the same effect as votes against the proposal; broker non-votes will not affect the outcome of the vote.
No. 4—Vote to approve additional shares under our 2019 Long Term Incentive Plan	Approval by a majority of the voting power of the shares entitled to vote and represented in person or by proxy.	Abstentions will have the same effect as votes against the proposal; broker non-votes will not affect the outcome of the vote.

Proposal	Vote Required	Impact of Abstentions and Broker Non-votes, if any
No. 5—Ratification of appointment of independent registered public accounting firm	Approval by a majority of the voting power of the shares entitled to vote and represented in person or by proxy.	Abstentions will have the same effect as votes against the proposal.

Who is paying for the cost of this proxy solicitation?

Our Board is soliciting the proxy accompanying this Proxy Statement. We will pay all proxy solicitation costs. Proxies may be solicited by our officers, directors and employees, none of whom will receive any additional compensation for their services. These solicitations may be made personally or by mail, facsimile, telephone, messenger, email or the Internet. We will pay brokers, banks and certain other holders of record holding shares of common stock in their names or in the names of nominees, but not owning such shares beneficially, for the expense of forwarding solicitation materials to the beneficial owners. The Company has retained Morrow Sodali LLC, located at 333 Ludlow Street, 5th Floor, Stamford, Connecticut 06902 (or by email at COMM.info@investor.morrowsodali.com), to assist in the solicitation of proxies from stockholders. Morrow Sodali LLC will receive a solicitation fee of approximately \$11,000, plus reimbursement of certain out-of-pocket expenses.

What do I need to do to attend the meeting?

To provide expanded access to the Annual Meeting for stockholders who would not otherwise be able to attend, the Annual Meeting will be held solely on the internet by virtual means. Stockholders will not be able to attend the Annual Meeting in person.

In order to participate in and vote at the virtual Annual Meeting, stockholders of record as of the Record Date can visit the Virtual Meeting Site (<https://web.lumiagm.com/285972254>) and enter the Log-In Password (commscope2024) and the 11-digit control number previously provided to stockholders of record on the original proxy card or Notice of Internet Availability of Proxy Materials. Stockholders of record that have misplaced their 11-digit control number should call Equiniti at (800) 937-5449 or (718) 921-8124 in advance of the Annual Meeting to obtain their control number.

Beneficial owners, who own shares beneficially through a broker, bank or other nominee, must provide a legal proxy from such broker, bank or other nominee during registration and will be assigned a control number in order to vote their shares virtually and ask questions at the Annual Meeting. Beneficial owners who are unable to obtain a legal proxy to vote their shares will still be able to attend and listen to the virtual Annual Meeting live via the Virtual Meeting Site (<https://web.lumiagm.com/285972254>) as a guest but will not be able to vote their shares or ask any questions.

Instructions on how to connect and attend as a guest, as well as how to demonstrate proof of share ownership and participate live via the Internet, may be requested by e-mailing helpAST@equiniti.com.

Will I be able to ask questions at the Annual Meeting?

Yes. We expect that our directors and executive officers, as well as representatives of our independent registered public accounting firm, will attend the virtual Annual Meeting and be

available to answer questions. We will provide our stockholders of record and beneficial owners who register in advance in accordance with the instructions provided herein (see “*What do I need to do to attend the meeting?*” above), the opportunity to ask questions and make statements about a proposal during the formal business of the meeting. Questions and comments of a general nature will be held until after the conclusion of the formal business of the Annual Meeting. Instructions for submitting questions and making statements will be posted on the Virtual Meeting Site. This question and answer session will be conducted in accordance with certain Rules of Conduct. These Rules of Conduct will be posted on the Virtual Meeting Site, and may include certain procedural requirements, such as limiting repetitive or follow-up questions, so that more stockholders will have an opportunity to ask questions.

Is there a list of stockholders entitled to vote at the Annual Meeting?

A list of stockholders entitled to vote at the Annual Meeting will be available to any stockholder, for any purpose germane to the meeting, for a period of ten days ending on the day prior to the meeting, between the hours of 8:00 a.m. and 4:00 p.m., Eastern Time, at our offices at 3642 E. US Highway 70, Claremont, North Carolina 28610. If you would like to view the stockholder list, please contact our Corporate Secretary to schedule an appointment.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

To reduce costs and reduce the environmental impact of our Annual Meeting, we have adopted a procedure approved by the Commission called “householding.” Under this procedure, stockholders of record who have the same address and last name will receive only a single copy of our Proxy Statement and 2023 Annual Report, unless we have received contrary instructions from such stockholder. Stockholders who participate in householding will continue to receive separate proxy cards and Notices.

We will promptly deliver, upon written or oral request, individual copies of the proxy materials to any stockholder that received a household mailing. If you are a stockholder of record and would like an additional copy of the Proxy Statement or 2023 Annual Report, please contact our Corporate Secretary by mail at 3642 E. US Highway 70, Claremont, North Carolina 28610 or by phone at (828) 459-5000. If you are a beneficial owner, you may contact the broker or bank where you hold the account.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of our Proxy Statement and Annual Report, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our Corporate Secretary by mail at 3642 E. US Highway 70, Claremont, North Carolina 28610 or by phone at (828) 459-5000.

CORPORATE GOVERNANCE MATTERS

PROPOSALS No. 1 & No. 2:

ELECTION OF DIRECTORS

Our Company is governed by a Board of Directors. Pursuant to our certificate of incorporation, the precise number of directors shall be fixed and may be altered from time to time, exclusively by a Board resolution adopted by the affirmative vote of a majority of the total number of directors then in office. The number of directors constituting our whole Board is currently fixed at ten. Carlyle has the right to designate two directors pursuant to the Investment Agreement. All director nominees are elected to one-year terms. The director nominees designated by Carlyle will be proposed for election by the holders of Series A Convertible Preferred Stock, voting as a separate class, and eight director nominees will be proposed for election by the holders of common stock and Series A Convertible Preferred Stock, voting together as a single class, at the Annual Meeting on May 9, 2024.

It is intended that the persons named in the accompanying proxy will vote to elect the nominees listed below unless otherwise instructed. All directors elected will serve until the next annual meeting of stockholders in 2025 or until their successors are elected and qualified to serve or until an earlier death, resignation or retirement.

All the nominees are presently serving as directors of the Company. The nominees have agreed to be named in this Proxy Statement, to stand for re-election and to serve if elected. If for any reason any nominee designated by Carlyle shall not be available for election as a director at the Annual Meeting, it is intended that shares represented by the accompanying proxy will be voted for the election of a substitute nominee designated by Carlyle. If for any reason any other nominee shall not be available for election as a director at the Annual Meeting, it is intended that shares represented by the accompanying proxy will be voted for the election of a substitute nominee designated by our Board, or the Board may determine to leave the vacancy temporarily unfilled or may, by resolution, reduce the size of the Board.

The professional experience and skills and qualifications highlighted in the nominee and continuing directors' biographies and skills and qualifications matrix below summarize the experience, qualifications, areas of expertise or skills that the Board of Directors used to determine that the person should serve as a director.

POLICIES ON CORPORATE GOVERNANCE

Our Board believes that good corporate governance is important to ensure our business is managed for the long-term benefit of our stockholders. We have adopted a Code of Conduct that applies to all our directors, executive officers and senior financial and accounting officers, as well as a Code of Ethics and Business Conduct that applies to all our employees. We have also adopted Corporate Governance Guidelines. Current versions of the Code of Conduct, the Code of Ethics and Business Conduct and the Corporate Governance Guidelines are available on our website at www.commscope.com and will also be provided upon request to any person without charge. Requests should be made in writing to our Corporate Secretary at CommScope Holding Company, Inc., 3642 E. US Highway 70, Claremont, North Carolina 28610, or by phone at (828) 459-5000. In the event of any amendment or waiver of our Code of Conduct or Code of Ethics and Business Conduct applicable to our directors or executive officers, such amendment or waiver will be posted on our website.

BOARD LEADERSHIP STRUCTURE

The Company currently has separate individuals serving in the positions of Chairman of the Board and Chief Executive Officer. The Board of Directors does not have a set policy with respect to the separation of the offices of Chairman of the Board and Chief Executive Officer, as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Board regularly evaluates whether the roles of Chairman of the Board and Chief Executive Officer should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee of the Company. The Board believes these issues should be considered as part of the Board's broader oversight and succession planning process. The Board believes that Mr. Watts is appropriate to serve as employee Chairman as he has a long history of service to the Company, most recently as the Board's Lead Independent Director.

In accordance with our Corporate Governance Guidelines, at any time when the Chairman of the Board is not an independent director, the independent members of the Board will select an

independent director to serve in a lead capacity. Mr. Yates was appointed as Lead Independent Director in 2020 upon Mr. Watts' appointment as Chairman of the Board. Among other things, our Lead Independent Director presides at all meetings of the independent directors and any Board meeting when the Chairman is not present, advises the Chairman as to the Board's agenda and information to be provided to the Board, and serves as the principal liaison and facilitator between the independent directors and the Chairman and Chief Executive Officer. In addition, our Lead Independent Director has the authority to convene special meetings of the independent directors, responds to stockholder questions directed to the independent directors and is available to major stockholders for consultation and direct communication.

THE BOARD'S ROLE IN MANAGEMENT'S SUCCESSION PLANNING

As reflected in our Corporate Governance Guidelines, the Board's primary responsibilities include planning for Chief Executive Officer succession and monitoring and advising on management's succession planning for other executive officers. The Board's goal is to have a long-term and continuing program for effective senior leadership development and succession. The Board is actively engaged in these endeavors and has a contingency plan in place for emergencies such as the departure, death or disability of the Chief Executive Officer or other executive officers.

The Chief Executive Officer and Chief Human Resources Officer report regularly to the Compensation Committee and the Board on succession planning and management development.

THE BOARD'S ROLE IN RISK OVERSIGHT

While risk management is primarily the responsibility of our management, the Board provides overall risk oversight focusing on the most significant risks facing the Company. The Board oversees the risk management processes that have been designed and are implemented by our executives to determine whether those processes are functioning as intended and are consistent with our business and strategy. The Board executes its oversight responsibility for risk management directly and through its committees. The Board's role in risk oversight has not affected its leadership structure.

We are exposed to a number of risks, including financial risks, operational risks and risks related to regulatory and legal compliance. The Audit Committee is specifically tasked with reviewing with management, our internal audit function, our independent auditors and our Chief Compliance Officer, as appropriate, our compliance with legal and regulatory requirements and any related compliance policies and programs as well as reviewing our financial and risk management policies. The Audit Committee also has oversight of our enterprise risk management program (ERM), which is our annual comprehensive assessment of key risks related to finance, operations and management information systems, including those related to cybersecurity. On a quarterly basis, our ERM team reviews with senior management and the Audit Committee our risk profile and our progress on the related risk mitigation action plans. Annually, our internal audit function also develops a risk-based internal audit plan utilizing the ERM consolidated risk profile. The Company consults with external advisors, as necessary, to identify and understand emerging risks for the Company. The ERM process is the responsibility of the Company's Chief Financial Officer.

As part of the Audit Committee's oversight of cybersecurity matters, they receive quarterly updates from our Chief Information Officer and Chief Information Security Officer on matters impacting the Company, emerging issues and the results of external assessments. Members of our management who have responsibility for designing and implementing our risk management processes around other areas of the business also regularly meet with the Audit Committee. Additionally, the Nominating and Corporate Governance Committee is tasked with overseeing our environmental and corporate responsibility efforts and any related risks. The Board's other committees oversee risks associated with their respective areas of responsibility.

The full Board considers specific risk topics, including risk-related issues pertaining to laws and regulations enforced by the United States and foreign government regulators and risks associated with our business plan and capital structure. In addition, the Board receives reports from members of our management that include discussions of the risks and exposures involved with their respective areas of responsibility, and the Board is routinely informed of developments that could affect our risk profile or other aspects of our business.

DIRECTOR INDEPENDENCE

Nasdaq listing standards and our Corporate Governance Guidelines, the latter of which are available on our website as described above, require that the Board be comprised of a majority of directors who qualify as independent directors under applicable Nasdaq rules. The Board has determined that each of Stephen C. Gray, Scott H. Hughes, L. William Krause, Joanne M. Maguire, Thomas J. Manning, Patrick R. McCarter, Derrick A. Roman, and Timothy T. Yates, is independent under applicable Nasdaq rules. The Board has determined that Charles L. Treadway and Claudius E. Watts IV are not independent.

NOMINATIONS FOR DIRECTORS

The Nominating and Corporate Governance Committee will consider director nominees recommended by stockholders. A stockholder who wishes to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee should send such recommendation to our Corporate Secretary at CommScope Holding Company, Inc., 3642 E. US Highway 70, Claremont, North Carolina 28610, who will then forward it to the committee. Any such recommendation should include a description of the candidate's qualifications for board service, the candidate's written consent to be considered for nomination and to serve if nominated and elected, and addresses and telephone numbers for contacting the stockholder and the candidate for more information. A stockholder who wishes to nominate an individual as a candidate for election, rather than recommend the individual to the Nominating and Corporate Governance Committee as a nominee, must comply with the advance notice requirements set forth in our Bylaws. See "Stockholder Proposals for the Company's 2025 Annual Meeting" in this Proxy Statement for more information on these procedures.

The Nominating and Corporate Governance Committee will consider and evaluate persons recommended by stockholders in the same manner as it considers and evaluates other potential directors. With respect to the directors to be elected by the holders of shares of Series A Convertible Preferred Stock, such nominees are required to have been designated by Carlyle pursuant to the Investment Agreement.

DIRECTORS' QUALIFICATIONS

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications of potential director candidates and recommending to the Board of Directors those candidates to be nominated for election. Our Corporate Governance Guidelines, which are available on our website as described above, set forth criteria that the Nominating and Corporate Governance Committee must consider when evaluating a director candidate for membership on the Board of Directors. These criteria are as follows:

- **Integrity:** reputation for integrity, honesty and adherence to high ethical standards;
- **Sound business judgment:** demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to our current and long-term objectives and a willingness to contribute positively to the decision-making process;

- **Ability and willingness to commit sufficient time to the Board:** commitment to understand us and our industry and to regularly attend and participate in meetings of the Board of Directors and its committees; and
- **Ethics and independence:** ability to understand the sometimes-conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the overall best interests of all stakeholders.

The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is a prerequisite for any prospective nominee.

Our Corporate Governance Guidelines also require the Nominating and Corporate Governance Committee (i) to consider the mix of backgrounds and qualifications of the directors in order to assure that the Board of Directors has the necessary experience, knowledge and abilities to perform its responsibilities effectively and (ii) to consider the value of diversity on the Board of Directors, including diversity of experience, thoughts, gender, race, ethnicity, age and background. We believe that diversity and, specifically, representation in the Board room are important, and we continue to work towards our goal of an overall diverse Board. Our Board is currently composed of directors who self-identify as female (one), black (one), and LGBTQ+ (one). In addition, our diverse directors have taken on leadership roles on the Board: one Board committee is chaired by a female director, and another is chaired by a black director. We will continue to consider the overall diversity of the Board in connection with any new appointments to our Board.

BOARD COMPOSITION

The number of members on our Board of Directors may be modified from time to time exclusively by resolution of our Board of Directors. Our Board of Directors currently consists of ten members. Claudius E. Watts IV was appointed Chairman of the Board of Directors in October 2020, and Timothy T. Yates has served as the Lead Independent Director since 2020.

As of April 4, 2019, per the Investment Agreement between Carlyle and CommScope, Carlyle has the right to designate two directors to our Board, each to serve a one-year term. Messrs. Hughes and McCarter are nominees designated by Carlyle and recommended by the Board for election in 2024

with terms expiring at the 2025 Annual Meeting of Stockholders. The directors designated by Carlyle will be voted on by the holders of Series A Convertible Preferred Stock as a single class at each annual meeting until certain beneficial ownership conditions are no longer met as detailed in the Investment Agreement.

When considering whether directors and nominees have the experience, qualifications, attributes or skills, taken as a whole, to enable the Board of Directors to satisfy their oversight responsibilities effectively in light of our business and structure, the Board of Directors focused primarily on each person's background and experience as reflected in the information discussed in each of the director's individual biographies set forth above. See Proposals No. 1 and No. 2: Election of Directors. We believe that our directors provide an appropriate diversity of experience and skills relevant to the size and nature of our business.

BOARD AND COMMITTEE EVALUATIONS

Each year, our Nominating and Corporate Governance Committee oversees self-evaluations of the Board and each of the committees to assess the qualifications, attributes, skills and experience represented on the Board; to assess their effectiveness and adherence to our Corporate Governance Guidelines and committee charters; and to identify opportunities to improve Board and committee performance. Periodically, the Board also engages outside counsel to assist with the director self-assessment process, including performing candid one-on-one confidential interviews with directors and presenting their findings to the Board.

BOARD MEETINGS, ATTENDANCE AND EXECUTIVE SESSIONS

The Board meets on a regularly scheduled basis during the year to review significant developments affecting us and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between scheduled meetings. Members of senior management regularly attend meetings of the Board and its committees to report on and discuss their areas of responsibility. Directors are expected to attend Board meetings and meetings of committees on which they serve. In addition, all directors are encouraged, but not required, to attend our annual stockholder meeting. In 2023, all the directors attended our virtual annual stockholder meeting. Directors are expected to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. In 2023, the Board held nine meetings and committees of the Board held a total of 18 meetings. All directors attended 80% or more of the meetings of the Board and committees on which they served.

In general, the Board reserves time following each regularly scheduled meeting to allow the independent directors to meet in executive session.

BOARD COMMITTEES

Our Board of Directors oversees the management of our business and affairs as provided by Delaware law, and conducts its business through meetings of the Board of Directors and three standing committees: Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. In addition, from time to time, other committees may be established under the direction of the Board of Directors when necessary or advisable to address specific issues.

Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operates under a charter that was approved by our Board of Directors. Each of these charters is available on our investor relations website at <http://ir.commscope.com>.

STOCKHOLDER COMMUNICATION WITH BOARD OF DIRECTORS

Stockholders may send written communications to the Board of Directors, or any of the individual directors, c/o our Corporate Secretary at CommScope Holding Company, Inc., 3642 E. US Highway 70, Claremont, North Carolina 28610. All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board of Directors or the individual directors, as applicable, on a periodic basis.

DIRECTOR COMPENSATION

Our Compensation Committee has the primary authority to determine and approve the compensation of our non-employee directors. When considering and approving changes to the level and composition of the directors' compensation, the Compensation Committee considers input from its independent compensation consultant and market data from peer companies.

Directors who are employees of the Company or its affiliates (including Carlyle) receive no additional compensation for their service on our Board of Directors or its committees. Non-employee directors are each paid a basic cash retainer per year for service on our Board of Directors, payable quarterly, plus an additional amount for serving as a chair or member of a committee. The Lead Independent Director receives an additional cash retainer annually. We also reimburse non-employee directors for reasonable out-of-pocket expenses in the performance of their duties as directors. Non-employee directors receive equity-based awards in the form of RSUs at the time of their election to our Board of Directors. In addition, our non-employee directors receive an annual grant of RSUs on the date of the annual stockholders' meeting. The RSUs vest on the date of the next annual meeting or, if earlier, the first anniversary of the grant date. If a director joins the Board or changes roles between stockholders' meetings, the director fees and stock retainer are prorated.

Each of the cash retainer and the stock retainer amounts for 2023 remained unchanged from the prior year.

The following tables summarize our non-employee director compensation for 2023:

Annual Non-Employee Director Compensation	
Basic Cash Retainer	\$ 90,000
Supplemental Cash Retainers:	
Lead Independent Director	\$ 30,000
Audit Committee Chair ⁽¹⁾	\$ 30,000
Audit Committee Member	\$ 15,000
Compensation Committee Chair ⁽¹⁾	\$ 20,000
Compensation Committee Member	\$ 10,000
Nominating and Corporate Governance Committee Chair ⁽¹⁾	\$ 15,000
Nominating and Corporate Governance Committee Member	\$ 10,000
Annual Stock Retainer ⁽²⁾	\$200,000

- (1) Amount includes both the supplemental cash retainer for serving as the committee chair and the supplemental cash retainer for serving as a member of such committee.
- (2) The number of RSUs granted as the annual stock retainer is determined based upon the closing price of our common stock on the grant date.

Employment Agreement with Mr. Watts

Mr. Watts is the Chairman of the Board and an employee of the Company, and we are party to an employment agreement with him. His agreement had an initial one-year term, and automatically renews for an additional one-year period each year, unless either party gives 60 days written notice of non-renewal. Mr. Watts receives a salary equal to \$620,400 and is eligible to participate in the Company's employee benefit programs, but he does not receive annual incentive awards under the AIP.

In connection with his employment, in 2023, Mr. Watts received 117,000 RSUs that vest annually over three years beginning on the first anniversary of the grant date, subject to Mr. Watts' continued service. In addition, in 2023, Mr. Watts received 55,000 Core Adjusted EBITDA PSUs and 36,700 TSR PSUs. The Core Adjusted EBITDA PSUs are eligible to vest based upon an achievement of cumulative Core Adjusted EBITDA goals for the three-year period covering fiscal years 2023, 2024 and 2025, and the TSR PSUs are eligible to vest on June 1, 2026 based upon the achievement of goals related to our TSR ranking relative to the TSR of the companies, other than the Company, comprising the S&P 500 over a three-year period from March 1, 2023 through February 28, 2026.

Pursuant to Mr. Watts' employment agreement, in the event Mr. Watts' employment is terminated by the Company for any reason other than for cause or disability or by Mr. Watts for good reason, in each case regardless of whether a change in control has occurred, Mr. Watts will be entitled to receive his accrued compensation and each of the following:

- severance pay equal to twelve months' base salary, payable in equal monthly installments over twelve months, or two years' base salary if such termination occurs within twenty-four months following a change in control, payable in a lump sum; and
- a cash payment equal to the cost we would have incurred had he continued group medical, dental, vision and/or prescription drug benefit coverage for himself and his eligible dependents for twelve months, payable in periodic installments in accordance with our payroll practice.

For purposes of Mr. Watts' agreement, "good reason" includes a material reduction in base salary, a change in his title or position as Chairman, any requirement to permanently relocate to the Company's headquarters, or a material breach of the agreement.

If Mr. Watts' employment is terminated by the Company for cause or disability, by reason of his death or by Mr. Watts other than for good reason, we will pay to Mr. Watts his accrued compensation.

DIRECTOR STOCK OWNERSHIP GUIDELINES

We maintain stock ownership guidelines for the non-employee members of our Board of Directors and our executive officers. These guidelines were established to align with industry practice and to affirm to stockholders that our directors and executives have a meaningful long-term equity position in the Company and a longer-term view of its performance. Pursuant to our stock ownership guidelines, which were based on market and peer group data and were adopted following consultation with the Compensation Committee's independent compensation consultant, each of our non-employee directors are expected to own either (i) shares having a value equal to five times their base cash retainer (excluding committee fees) or (ii) an aggregate of 100,000 shares.

The value of a non-employee director's stock ownership is measured as of December 31 of each year by reference to the thirty day average closing price of our stock on the Nasdaq Stock Market and using each individual's base retainer then in effect.

Current and new non-employee directors who are subject to these guidelines are expected to satisfy them by the end of the calendar year following the fifth anniversary of the date that a Participant becomes subject to the guidelines and to hold at least such minimum value in shares of our common stock or RSUs for so long as applicable. All of our non-employee directors have met or are on track to meet their ownership requirements within the applicable five-year period. See the "Stock Ownership Guidelines" section below for information on the guidelines for our executives.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our Board has adopted a written statement of policy for the evaluation of and the approval, disapproval and monitoring of transactions involving us and “related persons.” For the purposes of the policy, “related persons” will include our executive officers, directors and director nominees and their immediate family members, or stockholders owning five percent or more of our outstanding common stock and their immediate family members.

The policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, the amount involved exceeds \$120,000, and a related person had or will have a direct or indirect material interest. Pursuant to this policy, our management will present to our Audit Committee each proposed related person transaction, including all relevant facts and circumstances relating thereto. Our Audit Committee will then:

- review the relevant facts and circumstances of each related person transaction, including the financial terms of such transaction, the benefits to us, the availability of other sources for comparable products or services, if the transaction is on terms no less favorable to us than those that could be obtained in arm’s-length dealings with an unrelated third party or employees generally and the extent of the related person’s interest in the transaction; and
- consider the impact on the independence of any independent director and the actual or apparent conflicts of interest.

Any related person transaction may only be consummated if our Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. Certain types of transactions have been pre-approved by our Audit Committee under the policy. These pre-approved transactions include:

- certain employment and compensation arrangements;
- transactions where the related person’s interest is only as an employee (other than an executive officer), director or owner of less than ten percent (10%) of the equity in another entity;
- transactions where the related person is an executive officer of another company and the aggregate amount involved does not exceed the greater of \$200,000 or five percent (5%) of the total annual revenues of the other company;
- charitable contributions to an organization, foundation or university at which the related person’s only relationship is as an employee, trustee or director, if the contribution is made pursuant to the Company’s policies and approved by someone other than the related person;
- transactions where the interest of the related person arises solely from the ownership of a class of equity securities in the Company where all holders of such class of equity securities will receive the same benefit on a pro rata basis;
- transactions determined by competitive bids;
- certain regulated transactions involving the rendering of services at rates or charges fixed by law or governmental authority; and
- certain transactions involving banking-related services such as services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

No director may participate in the approval of a related person transaction for which he or she, or any of his or her immediate family members, is a related person.

INVESTMENT AGREEMENT

On April 4, 2019, the Company issued 1,000,000 shares of Series A Convertible Preferred Stock to Carlyle for an aggregate purchase price of \$1.0 billion, or \$1,000 per share, pursuant to the Investment Agreement between the Company and Carlyle, dated November 8, 2018.

The Series A Convertible Preferred Stock ranks senior to the shares of the Company's common stock with respect to dividend rights and rights on the distribution of assets on any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company. Holders of Series A Convertible Preferred Stock are entitled to a cumulative dividend at the rate of 5.5% per annum, payable quarterly in arrears. Dividends can be paid in cash, in kind with Series A Convertible Preferred Stock or any combination of the two options at the Company's sole discretion. During 2023, we paid Carlyle dividends in-kind of \$61.8 million (in the form of 61,775 additional shares of Series A Convertible Preferred Stock) for the Series A Convertible Preferred Stock.

The Series A Convertible Preferred Stock is convertible at the option of the holders at any time into shares of CommScope common stock at a conversion rate of 36.36 shares of common stock per share of Series A Convertible Preferred Stock (equivalent to \$27.50 per common share). The conversion rate is subject to customary anti-dilution and other adjustments. At any time after the third anniversary of the issuance of the Series A Convertible Preferred Stock, if the volume weighted average price of CommScope's common stock exceeds the mandatory conversion price of \$49.50 for at least thirty trading days in any period of forty-five consecutive trading days (including the final five consecutive trading days of such forty-five day trading period), the Company has the option to convert all of the outstanding shares of Series A Convertible Preferred Stock into CommScope common stock. During the three months following the eight and one-half year anniversary of the Investment Agreement closing date and the three months following each anniversary thereafter, holders of the Series A Convertible Preferred Stock will have the right to require CommScope to redeem all or any portion of the Series A Convertible Preferred Stock at 100% liquidation preference plus all accrued and unpaid dividends. The redemption price is payable, at the Company's option, in cash or a combination of cash and common stock subject to certain restrictions. Upon the occurrence of a change of control, the Company will have the right, subject to the rights of the holders of outstanding shares of Series A Convertible Preferred Stock to convert prior to such redemption, to redeem all of the Series A Convertible Preferred Stock for the greater of (i) an amount in cash equal to the sum of the liquidation preference of the Series A Convertible Preferred Stock, all accrued but unpaid dividends and, if the applicable redemption date is prior to the fifth anniversary of the first dividend payment date, the present value, discounted at a rate of 10%, of any remaining scheduled dividends through the five-year anniversary of the first dividend payment date, assuming CommScope chose to pay such dividends in cash and (ii) the consideration the holders would have received if they had converted their shares of Series A Convertible Preferred Stock into common stock immediately prior to the change of control event.

Holders of Series A Convertible Preferred Stock are entitled to vote with the holders of common stock on an as-converted basis, voting together as a single class. Holders of Series A Convertible Preferred Stock are entitled to a separate class vote with respect to amendments to the Company's organizational documents that have an adverse effect on the Series A Convertible Preferred Stock and the creation or classification of, or issuances by, the Company of securities that are senior to, or equal in priority with, the Series A Convertible Preferred Stock. So long as Carlyle or its affiliates beneficially

own shares of Series A Convertible Preferred Stock and/or shares of common stock issued upon conversion of Series A Convertible Preferred Stock (Conversion Common Stock) that represent, in the aggregate and on an as-converted basis, at least 50% of Carlyle's initial shares of Series A Convertible Preferred Stock on an as-converted basis, Carlyle has the right to designate two directors to be nominated by the Board for election to the Board. Until Carlyle no longer has the right to designate directors for election to the Board, it and its affiliates have committed to vote all of their shares of Series A Convertible Preferred Stock and/or common stock (i) in favor of director nominees recommended by the Board, (ii) against stockholder director nominees not approved and recommended by the Board, (iii) in favor of the Company's say-on-pay proposal and other equity compensation proposals that have been approved by the Compensation Committee and (iv) in favor of the Company's proposal for ratification of the appointment of the Company's independent registered public accounting firm. Regarding all other matters submitted to the vote of stockholders, Carlyle and its affiliates are under no obligation to vote in the same manner as recommended by the Board or otherwise.

INDEMNIFICATION AGREEMENTS

We have entered into indemnification agreements with each of our directors and certain of our officers. These indemnification agreements provide the directors and officers with contractual rights to indemnification and expense advancement which are, in some cases, broader than the specific indemnification provisions under Delaware law. We believe that these indemnification agreements are, in form and substance, substantially similar to those commonly entered into by similarly situated companies. A form of an indemnification agreement is filed as an exhibit to our Annual Report on Form 10-K.

EXECUTIVE COMPENSATION

PROPOSAL No. 3:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act and related rules promulgated by the Commission, our stockholders have an opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our NEOs as described in this Proxy Statement. This proposal is commonly referred to as a “say-on-pay” proposal. This proposal is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. As required by these rules, the Board invites you to review carefully the Compensation Discussion and Analysis and the tabular and other disclosures on compensation under Executive Compensation and cast a vote on the Company’s executive compensation programs through the following resolution:

“Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company’s named executive officers as discussed and disclosed in the Compensation Discussion and Analysis, the compensation tables, and any narrative executive compensation disclosure contained in this Proxy Statement.”

As discussed in the Compensation Discussion and Analysis, the Board of Directors believes that the Company’s long-term success depends in large measure on the talents of our employees. The Company’s compensation system plays a significant role in our ability to attract, retain and motivate the highest quality workforce. The Board of Directors believes that its current compensation program directly links executive compensation to performance, aligning the interests of the Company’s executive officers with those of the stockholders.

Pursuant to Section 14A of the Exchange Act, this vote is advisory and will not be binding on the Company or the Compensation Committee. While the vote does not bind the Compensation Committee to any particular action, the Compensation Committee and the Board of Directors value the input of the stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

The Company strongly encourages all stockholders to vote on this matter. Currently, say-on-pay votes are held by the Company annually. The next stockholder advisory vote on say-on-pay is expected to occur at the 2025 Annual Meeting of Stockholders.

The Board of Directors recommends a vote “FOR” Proposal No. 3, to approve an advisory (non-binding) resolution regarding the compensation of the Company’s NEOs.

2023 EXECUTIVE SUMMARY

OUR COMPANY

CommScope is a global provider of infrastructure solutions for communication, data center and entertainment networks. Our solutions for wired and wireless networks enable service providers including cable, telephone and digital broadcast satellite operators and media programmers, to deliver media, voice, IP data services and Wi-Fi to their subscribers and allow enterprises to experience constant wireless and wired connectivity across complex and varied networking environments. Our solutions are complemented by a broad array of services, including technical support, systems design and integration. We are a leader in digital video and Internet Protocol Television distribution systems, broadband access infrastructure platforms and equipment that delivers data and voice networks to homes. We are a strong part of communities from coast to coast and around the world, with over 20,000 employees spread across 45 states and 51 countries. Our global leadership position is built upon innovative technology, broad solution offerings, high-quality and cost-effective customer solutions, and global manufacturing and distribution scale.

2023 BUSINESS RESULTS

Since 2021, we have been engaged in a transformation initiative referred to as CommScope NEXT, which is designed to drive shareholder value through three pillars: profitable growth, operational efficiency and portfolio optimization. We believe these efforts are critical to making us more competitive and allowing us to invest in growth, de-leverage our indebtedness and maximize stockholder and other stakeholder value in the future. In 2022, CommScope NEXT generated positive impacts on net sales, profitability and cash flow from our execution on pricing initiatives, capacity expansion and operational efficiencies. In 2023, we experienced headwinds related to a slow-down in spending by our customers, but we continued to execute under CommScope NEXT to improve our profitability and cash flows by driving operational efficiencies and focusing on portfolio optimization that should enable us take advantage of the recovery in demand in the future. While we are disappointed with our 2023 results,

we still believe our position in the overall market is strong, and we are confident that CommScope NEXT will allow us to be more competitive and allow us to invest in growth and maximize stakeholder value in the future.

In 2021, as a step in our CommScope NEXT transformation plan, we announced a plan to separate the Home segment and began analyzing the financial results of our “Core” business separately from Home. On October 2, 2023, we entered into a Call Option Agreement with Vantiva SA (Vantiva), pursuant to which we granted Vantiva a binding call option to acquire our Home segment and substantially all of the associated segment assets and liabilities (Home business), which was subsequently exercised and a Purchase Agreement signed on December 7, 2023. The transaction closed on January 9, 2024.

We determined the anticipated sale of our Home business met the “held for sale” and “discontinued operations” criteria in accordance with accounting guidance in the fourth quarter of 2023. Therefore, for all periods presented, our financial results have been recast to reflect the discontinuation of our Home segment. Unless otherwise noted, our discussions of our financial performance relate solely to our continuing operations.

The results of our recast continuing operations do not align with our historical “Core” profitability measures, which excluded the Home segment, because our continuing operations results include general corporate costs that were previously allocated to the Home segment. These indirect costs are classified as continuing operations, since they were not directly attributable to the discontinued operations of the Home segment. In future years, these costs will be reallocated to our remaining segments and are expected to be at least partially offset by income from our transition services agreement with Vantiva or eliminated with future restructuring actions.

Key Features of our 2023 Financial Performance⁽¹⁾

- Net sales decreased year over year to \$5,789.2 million in 2023 compared to \$7,524.7 million in 2022, driven by decreased sales volumes as certain customers reduced purchases as they right-sized their inventories and others paused capital spending. Net sales decreased across all segments except our NICS segment.
- Loss from continuing operations of \$851.3 million in 2023 decreased compared to a net loss from continuing operations of \$1,184.7 million in 2022, driven primarily by lower impairment of goodwill.
- Non-GAAP Adjusted EBITDA⁽²⁾ of \$999.0 million was down \$224.4 million year-over-year.
- Core Adjusted EBITDA⁽²⁾⁽³⁾ of \$1,022.2 million was down \$228.2 million year-over-year primarily due to lower demand.
- Stock price on December 31 decreased to \$2.82 in 2023 compared to \$7.35 in 2022.

(1) Financial performance highlights are from continuing operations and do not include the net sales, net loss or adjusted EBITDA classified as discontinued operations related to the divestiture of our Home segment.

(2) See reconciliation of Non-GAAP financial measures included in Appendix A hereto.

(3) Core adjusted EBITDA reflects the results of our CCS, OWN, NICS and ANS segments, in the aggregate, and excludes general corporate costs that were previously allocated to the Home segment and are now classified as continuing operations.

Our compensation program is designed to attract and retain key executives by offering competitive levels of compensation and to motivate our executives by creating a strong link between pay and the Company’s performance. A significant portion of our executives’ compensation for 2023 was tied to the achievement of performance goals that align management’s objectives with key drivers of long-term stockholder value, including Core Adjusted EBITDA, Core Revenue and stock price appreciation. The decline in net sales and Core Adjusted EBITDA did not meet our expectations for 2023 which caused us to miss our AIP targets, and our lower stock price limited achievement under equity compensation awards.

2023 EXECUTIVE COMPENSATION HIGHLIGHTS

Key compensation considerations for 2023 include:

- Base salary for Mr. Treadway was increased by 14.3% to align with the median salary of our peer group, and Mr. Giordano's salary was increased by 16.2% in connection with his appointment as head of NICS. The base salary increase was 3% for Mr. Choi and less than 1% for Mr. Lorentzen. Mr. Chow did not receive a base salary increase.
- Short-term incentives under our 2023 AIP were earned at 10.0% of target for Messrs. Treadway, Lorentzen and Choi, whose payouts are tied to our Core performance. This payout reflects only the achievement of the NEOs' strategic objectives and no achievement of the financial performance components, which aligns with our disappointing financial performance in 2023. The strategic objectives that were achieved were established by the Compensation Committee and were tied to ESG initiatives in our CommScope NEXT transformation plan. Mr. Giordano earned 179.1% in 2023 AIP due to the NICS segment's strong financial performance in 2023 and Mr. Chow earned 25.0% of his target, based on his achievement for his Home segment strategic goals.
- Our NEOs were granted long-term incentives in an equally weighted mix of time-vesting RSUs and performance-based equity with multi-year goals.
 - 50% of the target long-term incentive value granted to our NEOs was in the form of RSUs that vest over three years, conditioned on continued service.
 - 50% of the target long-term incentive value granted to our NEOs was in the form of PSUs with multi-year performance goals.
 - 20% of the target long-term incentive value was in the form of TSR PSUs, which are eligible to vest based upon our TSR ranking relative to the TSR of the companies, other than the Company, comprising the S&P 500 over a three-year period from March 1, 2023 through February 28, 2026.
 - 30% of the target long-term incentive value was in the form of Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs), which are eligible to vest based upon achievement of cumulative Core Adjusted EBITDA goals (or for Mr. Chow, Home segment Adjusted EBITDA goals) for the three-year period covering fiscal years 2023, 2024 and 2025.

SAY-ON-PAY RESULTS AND CONSIDERATION OF STOCKHOLDER SUPPORT

The Company's management team is available and meets regularly with investors to discuss a variety of business, industry and competitive dynamics. During the course of these discussions, the Company seeks to gather feedback on its executive compensation and governance programs to ensure that our interests are aligned with those of the stockholders.

In 2023, the Company received 98% support for its say-on-pay proposal, consistent with the 98% support in 2022. We believe this reflects our responsiveness to the feedback we heard through our stockholder outreach initiatives and the changes the Compensation Committee made to our executive compensation programs for 2022, which were repeated in 2023. Our NEO compensation program for fiscal 2023 included a competitive mix of RSUs and PSUs with absolute and relative goals, both measured over three-year performance periods. In addition, the AIP opportunity for our NEOs continued to include a strategic weighting in 2023, which can be earned based on our level of achievement of environmental and social goals tied to our CommScope NEXT transformation plan. Our Compensation Committee's objectives in finalizing our 2023 compensation program for NEOs included providing a market competitive compensation program that aligns with investor expectations and supports a strong pay-for-performance culture.

The Compensation Committee will continue to consider input from our stockholders as reflected in the outcome of our annual say-on-pay vote when making executive compensation program decisions. We value the input of our stockholders, and our Compensation Committee will consider the results of our future say-on-pay votes, as well as feedback received throughout the year from our stockholders, when determining the compensation of our NEOs.

The Compensation Committee invites our stockholders to communicate any concerns or views on executive pay directly to the Board of Directors. Please refer to “Corporate Governance—Stockholder Communications with Board of Directors” for information about communicating with the Board.

2023 COMPENSATION ELEMENTS AND OUTCOMES

The table below summarizes the primary elements of our executive compensation program for 2023. The 2023 outcomes of the incentive opportunities provided to our NEOs reflect our current year results as well as our focus on delivering long-term results. Specifically, the incentives earned under our 2023 AIP were significantly below target due to our Core Adjusted EBITDA and Core Revenue results. The TSR PSUs and Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs) are not eligible to vest until completion of the three-year performance period (the period from March 1, 2023 until February 28, 2026 for the TSR PSUs and fiscal years 2023-2025 for the Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs)).

In 2023, we granted time-based RSUs, TSR PSUs and Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs) that were similar to the awards granted in 2022, although the Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs) had different performance goals. Other equity awards granted in prior years that remained outstanding in 2023 included PSUs, which we refer to as EPRG PSUs, that are eligible to vest based upon the achievement of various stock price hurdles (ranging from a low of \$15 for Messrs. Treadway and Lorentzen and \$17.50 for Messrs. Choi and Chow, to a high of \$40) and continued service over a four-year period. The EPRG PSUs will require continued service from these NEOs and significant growth in our stock price in order to vest fully. Mr. Giordano did not receive EPRG PSUs. The time-based RSUs provide ongoing alignment of the executives’ compensation with stockholder returns.

OUR PAY-FOR-PERFORMANCE APPROACH

The compensation programs approved by our Compensation Committee emphasize pay-for-performance over a longer-term time horizon and based on the realized value under incentive programs through the prominence of variable, at-risk compensation. AIP bonus awards and long-term equity awards are intended to ensure that total compensation reflects the overall level of success of the Company and are intended to motivate the NEOs to meet and exceed pre-established target levels of performance for each measure.

We seek to select performance metrics in our AIP and our long-term incentive program that support the Company’s strategy.

EXECUTIVE COMPENSATION

Compensation Element	Purpose
Base Salary	Recognize performance of job responsibilities as well as attract and retain individuals with superior talent.
AIP Bonus Awards	<p>Provide short-term incentives linked directly to achievement of financial objectives. Our NEOs' 2023 AIP, with the exception of Mr. Giordano and Mr. Chow, was based on the following metrics:</p> <ul style="list-style-type: none">• 70% on Core Adjusted EBITDA;• 20% on Core Revenue; and• 10% on strategic objectives tied to CommScope NEXT. <p>Core Adjusted EBITDA and Core Revenue are the aggregate Adjusted EBITDA and revenue results, respectively, of our CCS, OWN, NICS and ANS segments.</p> <p>As a result of the divestiture of the Home segment, our results are now reported based on continuing operations. Equity Incentive Awards	<p>Directly link senior management's and stockholders' interests by tying long-term incentive to stock price appreciation.</p> <p>All NEOs received two different types of PSUs in 2023:</p> <ul style="list-style-type: none">• TSR PSUs, which are eligible to vest based upon the achievement of goals relating to our TSR ranking relative to the TSR of the companies, other than the Company, comprising the S&P 500 over a three-year period from March 1, 2023 through February 28, 2026, and• Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs), which are eligible to vest based upon on achievement of cumulative Core Adjusted EBITDA goals (or for Mr. Chow, Home segment Adjusted EBITDA goals) for the three-year period covering fiscal years 2023, 2024 and 2025. <p>All NEOs also received RSUs that vest over three years, conditioned on continued service.</p>

Annual Planning Cycle

The Compensation Committee generally approves annual compensation decisions for our executive officers in the first quarter of each year, but retains the flexibility to extend decisions to the second quarter, if necessary. The Committee's approvals in the first quarter address target annual incentives effective as of January 1, base salary effective as of January 1, as well as equity awards that are approved in the first quarter and typically granted in the first or second quarter. In the timeline leading up to the annual approval of compensation decisions, the Compensation Committee undertakes a

review process that spans several meetings and is intended to evaluate our approach to setting executive pay from multiple perspectives. This review begins in the third quarter of the prior year and takes into consideration our strategic business plan, market data, trends in executive compensation, the input of the Committee's independent compensation consultant and input from stockholders, where applicable.

EXECUTIVE COMPENSATION-RELATED POLICIES AND PRACTICES

We endeavor to maintain sound executive compensation policies and practices, including compensation-related corporate governance standards, consistent with our executive compensation philosophy. The following summarizes our executive compensation and related governance policies and practices during 2023:

What We Do	What We Don't Do
✓ Use a Pay-for-Performance philosophy	✗ No backdating or spring-loading of equity awards
✓ Grant a significant portion of executive pay as at-risk	✗ No hedging of shares
✓ Apply "clawback" policy to awards to recover cash and equity payments from executives in certain circumstances	✗ No pledging of shares
✓ Require multi-year vesting for equity awards	✗ No guaranteed bonuses
✓ Engage regularly with stockholders on executive compensation	✗ No incentives that encourage excessive risk taking
✓ Use an independent compensation consultant	✗ No excessive severance or change in control agreements or 280G gross-ups
✓ Require meaningful equity ownership by our executives	✗ No repricing of stock options or stock appreciation rights without stockholder approval
✓ Allocate equity awards between time- and performance-based awards	

II. EXECUTIVE COMPENSATION PHILOSOPHY

We intend for our NEOs' total compensation to reflect our pay-for-performance compensation philosophy. This philosophy includes both compensating our NEOs competitively when we meet or out-perform our goals as well as placing large portions of their compensation at risk based on both the Company's financial performance and our stock price performance. This assures that the financial incentives of our executives are in alignment with the interests of our stockholders. Furthermore, by delivering a significant portion of compensation in the form of at-risk incentives (including equity compensation), the compensation realized by our NEOs will be reduced if the Company does not achieve performance goals.

The principal objectives of our NEO compensation include the following:

- *Competitive pay* – providing compensation opportunities that enable us to attract superior talent in a highly competitive industry and retain key employees by rewarding outstanding achievement.

- *Pay-for-performance* – creating incentives that reward management for outstanding financial results that our Compensation Committee believes will enhance near-term performance and drive sustainable performance over the longer term.
- *Alignment with stockholders* – aligning our executives’ interests with those of our stockholders through our pay-for-performance philosophy and by encouraging our executives to have a meaningful equity stake in the Company.

III. 2023 COMPENSATION DECISION-MAKING PROCESS

DETERMINATION OF COMPENSATION AWARDS

Our Compensation Committee has the primary authority to determine and approve the compensation of our NEOs. The Committee is charged with reviewing our executive compensation policies and practices annually to ensure that the total compensation of our NEOs is fair, reasonable, competitive to our peers, and commensurate with the level of expertise and experience of our NEOs. To aid our Compensation Committee in making its determinations, our Chief Executive Officer provides recommendations to our Compensation Committee regarding the compensation of all officers who report directly to him.

Our Compensation Committee reviews and approves the total amount of compensation for our NEOs and the allocation of total compensation among each of the components of compensation, based principally on the following factors:

- Input about competitive market practices from the Compensation Committee’s independent compensation consultant
- Individual and Company performance
- Each executive’s scope of responsibility and experience
- The Compensation Committee’s general industry knowledge obtained through years of service with comparably-sized companies in our industry and other similar industries
- Changes in the Company’s size or strategic position
- Stockholder perspectives

We believe that direct ownership in CommScope provides our NEOs with a strong incentive to increase the value of the Company. We encourage equity ownership by our NEOs and other employees through direct stock holdings and the award of various equity-based awards. We believe that equity awards granted to our NEOs substantially align their interests with those of our stockholders. In addition, we maintain formal stock ownership guidelines. See the “Stock Ownership Guidelines” section below for more information.

ROLE OF THE COMPENSATION CONSULTANT

The Compensation Committee relies on its independent compensation consultant to provide advice on matters relating to the compensation of our executives and non-employee directors. Compensia, a national compensation consulting firm, has served in this capacity since 2016.

A representative of Compensia generally attends all of the Compensation Committee meetings. During 2023, Compensia provided the following assistance to the Compensation Committee:

- Analyzed the compensation levels and practices of the companies in our compensation peer group

- Reviewed the competitiveness of compensation of our NEOs including base salary, annual cash awards and long-term incentive awards
- Reviewed and provided input on the design of the annual and long-term incentives provided to our NEOs and other executives
- Reviewed the competitiveness of compensation of our non-employee directors
- Reviewed and provided input on the CD&A section of our Proxy Statement
- Provided support in connection with the amendment of our 2019 Long-Term Incentive Plan
- Provided ad hoc advice and support

Compensia reports directly to the Compensation Committee and provided no services to us other than the consulting services to the Committee. The Compensation Committee reviews the objectivity and independence of the advice provided by Compensia. In 2023, the Committee considered the specific independence factors adopted by the Commission and the NASDAQ Global Select Market and determined that Compensia is independent and that its work did not raise any conflicts of interest.

COMPENSATION PEER GROUP

In 2022, with the assistance of Compensia, the Compensation Committee approved a compensation peer group as a source of competitive market data for evaluating the compensation of our executive officers and to support pay decisions for 2023, which included base salary, AIP targets, and the equity awards granted in 2023. The compensation peer group consisted of the following 14 companies.

Compensation Peer Group	
Corning Incorporated	NetApp, Inc.
Fortive Corporation	Rockwell Automation, Inc.
Hubbell Incorporated	Sanmina Corporation
Jabil Inc.	Seagate Technology Holdings PLC
Juniper Networks, Inc.	TE Connectivity Ltd
Keysight Technologies, Inc.	Western Digital Corporation
NCR VOYIX Corporation	Zebra Technologies Corporation

Companies included in this peer group were identified based primarily on the following target selection criteria:

- Companies with a status as an independent, publicly traded company
- Companies with revenue between approximately 0.33 times to 3.0 times our revenue on a trailing twelve-month basis
- Companies with enterprise value between approximately 0.33 times to 3.0 times our enterprise value
- Companies with a similar industry profile, prioritizing direct competitors and companies that operate in the Communications Equipment sector

Companies are not required to meet all of the selection criteria above. Our Compensation Committee evaluated each company against all selection criteria in order to identify a peer group that, as a whole, was considered to be a strong representation of our competitive market for talent.

When evaluating executive compensation relative to practices among our peers, the Compensation Committee generally seeks to align with the market median.

We supplement information from the peer group public filings with data from the Radford Global Technology Survey, which is provided annually by Compensia. While peer group and other market research data provides the framework for our compensation decisions, adjustments are also made by the Compensation Committee on an individual basis to account for individual performance and each executive's scope of responsibility and experience.

IV. 2023 COMPENSATION ACTIONS

BASE SALARY ADJUSTMENTS

Base salaries for our NEOs are generally set at a level deemed necessary to attract and retain individuals with superior talent. In addition to considering industry and market practices, our Compensation Committee and Board of Directors annually review our NEOs' performance. Adjustments in base salary are generally based on the factors noted above, including each NEO's individual performance, role, scope of responsibility, experience and competitive pay practices.

After considering Mr. Treadway's recommendations (other than with respect to his own compensation), our Compensation Committee decided that Mr. Treadway's salary should be increased by 14.30% to align with the median base salary of our peer group, and Mr. Giordano's salary was increased by 16.2% in connection with his appointment as head of the NICS segment. The base salary increase was 3% for Mr. Choi and less than 1% for Mr. Lorentzen. Mr. Chow did not receive a base salary increase.

The base salaries for our NEOs as of July 1, 2022 and January 1, 2023, except for Mr. Giordano whose salary was increased upon his appointment to the head of NICS in February 2023, are set forth in the following table.

Name	2022 Base Salary	2023 Base Salary	Percent Increase
Charles L. Treadway	\$1,137,401	\$1,300,000	14.30%
Kyle D. Lorentzen	\$ 682,500	\$ 683,000	0.07%
Justin C. Choi	\$ 558,360	\$ 575,000	2.98%
Bartolomeo A. Giordano	\$ 414,000	\$ 481,000	16.18%
Gonzaga J. Chow	\$ 513,372	\$ 513,372	0.00%

ANNUAL INCENTIVE PLAN

In February 2023, the Compensation Committee approved Company performance objectives under the AIP that were based on Core Adjusted EBITDA, Core Revenue and strategic objectives tied to CommScope NEXT, for all NEOs except Mr. Giordano, whose performance objectives were based on Adjusted EBITDA, revenue and strategic objectives specific for our NICS segment and Mr. Chow whose performance objectives were based on Adjusted EBITDA and strategic objectives specific for our Home segment. At that time, the Company's Core financial performance metrics were the aggregate results of our CCS, OWN, NICS and ANS segments and excluded the results of our Home segment. The Compensation Committee approved the AIP performance measures and the target award, which is expressed as a percentage of base salary for the year, for each NEO.

Our Compensation Committee determined that Core Adjusted EBITDA, Core Revenue and strategic objectives tied to CommScope NEXT were meaningful measures of the Company's financial performance and align with the interests of our stockholders for long-term value creation.

As discussed herein, as a result of the agreement to divest our Home segment in the fourth quarter of 2023, our results are now reported based on continuing operations. Core revenue aligns with net sales from continuing operations but Core Adjusted EBITDA does not align with Adjusted EBITDA from continuing operations because Core Adjusted EBITDA excludes general corporate costs that were previously allocated to the Home segment that are now included within continuing operations.

Performance Metric*	Weighting	Rationale
Core Adjusted EBITDA	70%	Measures the profitability of our business, incorporating our ability to generate revenue and manage our expenses, and its growth has historically been a key driver of long-term stockholder returns. Core Adjusted EBITDA excludes the results of the Home segment.
Core Revenue	20%	Measures the growth of our business. Core Revenue excludes the revenue of our Home segment.
Strategic Objectives	10%	Measures two continuous improvements tied to CommScope NEXT, including specific ESG performance metrics: 1) reduce GHG emissions across our operations, and 2) improve our culture of inclusion and the attraction, promotion and retention of women in leadership roles.

*For all NEOs except Mr. Giordano, whose 2023 AIP opportunity was based 70% on NICS segment Adjusted EBITDA, 20% on NICS segment revenue, and 10% on corporate strategic objectives, and Mr. Chow whose 2023 AIP opportunity was based 50% on Home segment Adjusted EBITDA, and 50% on Home segment strategic objectives.

For purposes of the AIP, Core Adjusted EBITDA consists of Adjusted EBITDA from continuing operations excluding general corporate costs that were previously allocated to the Home segment and are now included within continuing operations. Adjusted EBITDA from continuing operations consists of net income (loss) from continuing operations as reported on the Consolidated Statements of Operations, adjusted to exclude: income tax expense (benefit); interest income; interest expense; other income, net; depreciation; amortization of intangible assets; restructuring costs; asset impairments; equity-based compensation; transaction, transformation and integration costs; and other special items that the Company believes are useful to exclude in the evaluation of operating performance from period to period because these items are not representative of the Company's Core performance. Core Revenue now aligns with net sales as reported on the Consolidated Statements of Operations because it represents net sales from continuing operations. The term "Strategic Objectives" means key performance indicators that are tied to CommScope NEXT and the Company's stated goal of continual improvement.

Our Compensation Committee retains the authority to change target award percentages or performance measures, as appropriate, to account for extraordinary business circumstances that are out of the Company's control. In addition, the Compensation Committee may, at its sole discretion, decrease the amount of an award that would otherwise be payable to a NEO.

The levels of performance required to achieve target payout were tied to our annual operating plan and represent goals that were considered achievable but difficult to accomplish.

EXECUTIVE COMPENSATION

The following tables show the weighting of each financial performance metric, the levels of performance required to earn threshold, target and maximum payouts, and the actual performance achieved under our AIP for the year ended December 31, 2023 for all NEOs.

Performance Metric	Weighting	Level	Threshold (\$M)	Target (\$M)	Maximum (\$M)
Core Adjusted EBITDA	70%	Goal	\$1,088.0	\$1,360.0	\$1,632.0
		% of Target Performance	80%	100%	120%
		% of Target Payout	50%	100%	210%
Core Revenue	20%	Goal	\$7,234.3	\$7,615.0	\$7,995.8
		% of Target Performance	95%	100%	105%
		% of Target Payout	50%	100%	210%
Strategic Objectives	10%	Goal	Tied to CommScope NEXT		
		Performance	Partially Meets Expectations	Meets Expectations	Exceeds Expectations
		% of Target Payout	0%	100%	210%

Mr. Giordano's Adjusted EBITDA goals related to the NICS segment were \$128.0 million threshold, \$160.0 million target and \$215.0 million maximum, and revenue goals related to the NICS segment were \$1.0 billion threshold, \$1.1 billion target and \$1.3 billion maximum. Percentage of target payout percentages for Adjusted EBITDA and revenue goals for Mr. Giordano were 50% for threshold, 100% for target and 210% for maximum.

Mr. Chow's Adjusted EBITDA goals related to the Home segment were \$37.3 million threshold, \$47.0 million target and \$56.4 million maximum. Percentage of target payout percentages for Adjusted EBITDA and revenue goals for Mr. Chow were 50% for threshold, 100% for target and 210% for maximum.

In addition to the above financial goals, achievement of strategic objectives represented 10% of the target AIP opportunity for our NEOs with the exception of Mr. Chow, whose strategic objectives represented 50% of the target AIP. Performance in this category reflected the Compensation Committee's assessment of our performance in two categories related to our CommScope NEXT transformation plan:

- Environmental - Reduce GHG emissions across our operations by using energy efficiently and driving renewable energy use
- Social - Improve our culture of inclusion and the attraction, promotion and retention of women in leadership roles

Performance against these strategic objectives was evaluated in the discretion of the Compensation Committee, with the opportunity to earn between 0% and 210% of target for this portion of the bonus.

Performance Metric	Weighting	Actual Achievement (\$M)	% of Target Actual Performance	% of Target Actual Payout	Adjusted Payout %
Core Adjusted EBITDA	70%	\$1,022.2	75.2%	0.00%	0.00%
Core Revenue	20%	\$5,790.5	76.0%	0.00%	0.00%
Strategic Objectives	10%	Meets Expectations	Meets Expectations	100.0%	100.0%
Total	100%			10.0%	10.0%

Based on the actual level of achievement set forth above, Mr. Treadway, Mr. Lorentzen, and Mr. Choi were entitled to bonus payments in amounts equal to 10.0% of their target bonus amounts.

Unlike the other NEOs, Mr. Giordano's bonus was based on the performance of the NICS segment and Mr. Chow's bonus was based on the performance of the Home segment. Actual achievement for the NICS segment was Adjusted EBITDA of \$225.2 million, which was \$65.2 million above target; revenue of \$1,118.9 million, which was 101.7% of target; and the segment met expectations for their strategic objective, which was 100% of target. Percentage of target actual payout was 210.0%, 110.4% and 100.0% for NICS segment Adjusted EBITDA, revenue and the strategic performance objective, respectively, for a combined actual achievement of 179.1%. Actual achievement for the Home segment was Adjusted EBITDA of \$(48.7) million, which was \$95.7 million below target, and the segment was below expectations for its strategic objective, which was 50% of target. Percentage of target actual payout was 0.0% and 50.0% for the Home segment Adjusted EBITDA and the strategic performance objective, respectively, for a combined actual achievement of 25.0%.

Name	Target Award	Actual 2023 Award	
	(% of 2023 Salary)	% of 2023 Salary ⁽¹⁾	Payout Amount
Charles L. Treadway	150.0%	15.00%	\$195,000
Kyle D. Lorentzen	100.0%	10.00%	\$68,300
Justin C. Choi	80.0%	8.00%	\$46,000
Bartolomeo A. Giordano	77.0%	138.65%	\$657,742
Gonzaga J. Chow	80.0%	20.00%	\$102,674

(1) The NEOs received a performance payout of 10.0% of target, except for Mr. Giordano who received 179.1% of target for the NICS operating segment and Mr. Chow who received 25.0% of target for the Home operating segment.

EQUITY INCENTIVE AWARDS

The Compensation Committee believes that key employees who are in a position to make a substantial contribution to the long-term success of the Company and to build stockholder value should have a significant and on-going stake in the Company's success. In determining equity incentive award grants, the Committee considered market practices among comparable peer group companies as well as our compensation objectives and the desired role of equity compensation in the total compensation of our NEOs. In 2023, the long-term incentive awards for our executives were allocated into three equity vehicles.

EXECUTIVE COMPENSATION

Vehicle	Weighting	Description
Time Vesting RSUs	50%	RSUs vesting in three equal annual installments
TSR PSUs	20%	PSUs eligible to be earned based on our TSR relative to the TSR of the companies, other than the Company, comprising the S&P 500 for a three-year performance period
Core Adjusted EBITDA PSUs ⁽¹⁾	30%	PSUs eligible to be earned based on our three-year cumulative Core Adjusted EBITDA performance over fiscal years 2023-2025

(1) For all NEOs except Mr. Chow, who received PSUs based on Home segment Adjusted EBITDA performance over fiscal years 2023-2025.

The key features of our 2023 NEO equity awards are described in greater detail below.

RSUs

Each of the NEOs received an award of RSUs that vest in annual installments over a three-year period, conditioned upon his continuous service.

TSR PSUs

Each of the NEOs received a grant of PSUs with performance conditions relating to the Company's TSR ranking relative to the TSR for each of the 500 companies, other than the Company, comprising the S&P 500. For purposes of the TSR PSUs, our TSR will be calculated by comparing the average closing price per share of our common stock over the 45 consecutive trading days ending on and including March 1, 2023, to the average closing price per share of our common stock over the 45 consecutive trading days ending on and including February 28, 2026, and factoring in per-share dividends paid with respect to an ex-dividend date that occurs beginning from the date when the starting average share price is calculated for the performance period through the end of the performance period, which dividends will be deemed to have been reinvested in the underlying common shares. The NEOs can earn between 0% and 200% of the granted TSR PSUs based on the following schedule, with the number of units earned being rounded up to the nearest whole share:

Degree of Performance Attainment	Company TSR Percentile Ranking Relative to S&P 500 TSR	Achievement of Performance Goal (% of Units)
Maximum	≥80th	200%
Target	50th	100%
Threshold	25th	25%
Less than Threshold	<25th	0%

Payouts for performance levels falling between the above thresholds will be determined to the nearest one-tenth of a percentage point using linear interpolation. If the Company's TSR for the performance period is negative on an absolute basis, then the number of earned TSR PSUs will be capped at the target level, regardless of our actual TSR ranking relative to the S&P 500 TSR.

Adjusted EBITDA PSUs

Each of the NEOs received a grant of PSUs with performance conditions relating to the Company's cumulative Core Adjusted EBITDA (or for Mr. Chow, Home segment Adjusted EBITDA) over the 2023-2025 fiscal years. The NEOs can earn between 0% and 200% of the granted Core Adjusted EBITDA PSUs (or for Mr. Chow, Home segment Adjusted EBITDA PSUs) based on the Company's performance. Targets were established and approved by the Compensation Committee prior to the grant date, and actual performance will be evaluated and disclosed following the end of 2025 due to the proprietary and competitive nature of this information. The levels of performance required to achieve target payout represent goals that are considered achievable but difficult to accomplish.

SUMMARY OF EQUITY AWARDS GRANTED IN 2023

The aggregate target level for long-term incentive awards granted in 2023 was \$10 million for Mr. Treadway, \$2.85 million for Mr. Lorentzen, \$1.9 million for Mr. Choi, and \$1.20 million for each of Mr. Giordano and Mr. Chow. The Committee determined the number of awards using the market price per share on the grant date equal to \$7.10 on March 1, and \$4.20 on June 1, which resulted in the grant of the following number of awards:

Name	Number of TSR PSUs Granted	Target Number of Core Adjusted EBITDA PSUs Granted	Number of RSUs Granted
Charles L. Treadway	281,700	422,600	898,800
Kyle D. Lorentzen	80,300	120,500	256,300
Justin C. Choi	53,600	80,300	170,800
Bartolomeo A. Giordano	33,900	50,800	108,000
Gonzaga J. Chow	33,900	50,800 ⁽¹⁾	108,000

(1) Mr. Chow's Adjusted EBITDA PSUs related to Home segment Adjusted EBITDA.

MODIFICATION OF CERTAIN EQUITY AWARDS FOR HOME EMPLOYEES

In anticipation of the sale of our Home segment to Vantiva, the Committee took action in 2023 to amend certain equity awards held by certain Home employees, including Mr. Chow, so that they would receive pro rata vesting through the end of the month in which the closing date of the transaction occurred and achievement for certain PSUs would be deemed to be at target performance. In addition, certain options held by Mr. Chow were amended so that the vested options would remain exercisable for a period of one year following his termination upon completion of the Vantiva transaction, which occurred on January 9, 2024. The incremental fair values resulting from the modification of certain of Mr. Chow's equity awards are included in the Summary Compensation Table, and more information regarding such awards is provided in footnote 6 thereto.

EMPLOYEE BENEFITS AND PERQUISITES

Our NEOs are eligible to participate in the same plans as substantially all of our other United States employees, and such plans include medical, dental, vision, short-term and long-term disability insurance, and a Health Savings Plan. We also maintain the CommScope, Inc. Retirement Savings Plan (the 401(k) plan), in which substantially all our United States employees, including our NEOs, are eligible to participate. We currently contribute 2% of the participant's base salary and bonus to the 401(k) plan and provide matching contributions of up to 4% of the participant's base salary and bonus, which provides for up to a maximum of 6% of the participant's base salary and bonus, subject to

EXECUTIVE COMPENSATION

certain statutory limitations (\$330,000 for 2023). In addition, we provide our NEOs with a supplemental term life insurance policy. We provide these benefits due to their relatively low cost and the high value they provide in attracting and retaining talented executives.

We operate and maintain corporate aircraft that are used primarily for business travel by our directors and executive officers. We have a written policy that sets forth guidelines and procedures regarding limited permissible personal use of this aircraft by our executive officers. CommScope, Inc. of North Carolina, a wholly-owned subsidiary of the Company, maintains an Aircraft Time Sharing Agreement with Mr. Treadway, pursuant to which Mr. Treadway has limited use of the Company's aircraft for non-business travel. In February 2023, the Compensation Committee approved Mr. Treadway's unreimbursed personal use of the Company's aircraft for up to 30 hours a year. Pursuant to his Aircraft Time Sharing Agreement, Mr. Treadway must reimburse our subsidiary for the incremental expenses for each personal use flight in excess of the 30-hour annual allowance, based on the variable costs of the flight, as permitted under Federal Aviation Administration rules.

We determine the incremental cost of any personal use of our corporate aircraft based on the direct cost of use per flight, which may include aircraft fuel, oil and other additives; crew travel and lodging expense; hangar costs away from the aircraft's base of operation; insurance obtained for the specified flight; landing fees, airport taxes and similar assessments; customs, foreign permits and similar fees directly related to the flight; in-flight catering expenses; passenger ground transportation; and flight planning and weather contract services. Because our aircraft are used primarily for business travel, this methodology excludes fixed costs that do not change based on usage, such as the salaries of pilots and crew, purchase or lease costs of aircraft, hangar rent and insurance, and costs of maintenance and upkeep. We impute taxable income to the NEOs for any personal aircraft use in accordance with Internal Revenue Service regulations. We do not provide tax reimbursements, or "gross-ups", on these amounts to executive officers.

For 2023, no NEO other than Mr. Treadway met or exceeded \$10,000 in unreimbursed aggregate incremental costs associated with personal use of the aircraft.

DEFERRED COMPENSATION PLAN

We offer a voluntary non-qualified deferred compensation plan (DCP) that permits a group of our management, including the NEOs, to defer up to 90% of their annual compensation (including base salary, AIP and/or Sales Incentive Plan (SIP) awards). For additional information regarding the DCP, see below under "Nonqualified Deferred Compensation."

EMPLOYMENT, SEVERANCE AND CHANGE IN CONTROL ARRANGEMENTS

Each of the Company's senior officers, including the NEOs, has a severance protection agreement that entitles him or her to receive certain payments and benefits upon a qualifying termination of employment, with enhanced payments if such termination occurs within 24 months following a change in control of the Company, and includes restrictive covenants. In addition, Mr. Treadway has an employment agreement that entitles him to receive certain compensation and benefits, and previously included severance provisions relating to a qualifying termination of employment, including a qualifying termination of employment in connection with a change in control of the Company. In 2022, Mr. Treadway's employment agreement was amended so that the severance rights and restrictive covenants in his employment agreement were replaced with the severance provisions and restrictive covenants contained in his severance protection agreement. Mr. Treadway's employment agreement and the severance protection agreements for each of the NEOs are described below under "Potential Payments upon Termination or Change in Control."

V. OTHER COMPENSATION POLICIES

COMPENSATION RECOVERY (“CLAWBACK”) POLICY

We have a compensation recovery (i.e. “clawback”) policy that requires recovery of erroneously awarded incentive-based compensation from executive officers (and former executive officers) in the event of an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws. The policy was adopted in 2023 in compliance with Commission rules and Nasdaq listing standards and replaced our prior clawback policy. The policy requires the Company to recover reasonably promptly all erroneously awarded incentive-based compensation received on or after the October 2, 2023 effective date by a person after beginning service as an executive officer, while the Company has a class of securities listed on Nasdaq, and during the three completed fiscal years immediately preceding the date the Company is required to prepare the accounting restatement, with certain limited exceptions as permitted under Commission rules and Nasdaq listing standards. The Company may not indemnify any executive officer against the recovery of incentive compensation under the policy. The policy also provides that the Compensation Committee may designate non-executive persons to be subject to the clawback requirements. In addition, if a mandatory clawback relating to incentive-based compensation is triggered, the Compensation Committee may recover from the executive officers, former executive officers, and other designated persons, to the extent it deems appropriate, service-based compensation received under awards with purely time-based vesting requirements if such awards were granted, vested, exercised or paid during the applicable recovery periods.

ANTI-HEDGING AND ANTI-PLEDGING POLICIES

We have an insider trading policy to guide our employees and directors in complying with securities laws and avoid the appearance of improper conduct. Our policy specifically prohibits directors and employees, including our NEOs, from entering into hedging or monetization transactions involving CommScope securities, such as covered calls, collars and forward sale contracts, and from purchasing CommScope securities on margin, holding CommScope securities in a margin account or pledging CommScope securities. In addition, all our Section 16 officers and directors, and certain other designated employees, are prohibited from trading in exchange-traded options of CommScope securities.

STOCK OWNERSHIP GUIDELINES

We maintain stock ownership guidelines for our executive officers and the non-employee members of our Board of Directors. These guidelines were established to align with industry practice and to affirm to stockholders that our executives and directors have a meaningful long-term equity position in the Company and a longer-term view of its performance. The following table summarizes our stock ownership guidelines, which were based on market and peer group data and were adopted following consultation with the Compensation Committee’s independent compensation consultant.

	Multiple of Salary Target
Chief Executive Officer	5x annual base salary or 1,000,000 shares
Chairman and Chief Financial Officer	3x annual base salary or 250,000 shares
Designated Officers	2x annual base salary or 125,000 shares
Other Designated Officers	1x annual base salary or 100,000 shares
Non-Employee Directors	5x base cash retainer (excluding committee fees) or 100,000 shares

EXECUTIVE COMPENSATION

The value of an executive's or non-employee director's stock ownership is measured as of December 31 of each year by reference to the 30-day average closing price of our stock on the Nasdaq Stock Market and using each individual's base salary or base retainer then in effect.

Current and new executive officers and non-employee directors who are subject to these guidelines are expected to satisfy them by the end of the calendar year following the fifth anniversary that a Participant becomes subject to the Guidelines and to hold at least such minimum value in shares of our common stock or RSUs for so long as applicable.

- (1) Salary reported may differ from the annual base salary rate set for the year due to the fact that changes in base salary may have become effective during the year. For 2023, all salary changes were effective on January 1, except for Mr. Giordano, whose change was effective on February 7.
- (2) Amounts represent the grant date fair value of equity awards, which was computed in accordance with FASB ASC Topic 718 without regard to estimated forfeitures related to service-based vesting conditions. Amounts for Mr. Chow for 2023 also include the incremental fair value related to the modification of certain of his stock and option awards in 2023 pursuant to the sale of our Home segment to Vantiva, as discussed further in footnote 6 below. Refer to Note 15 in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2023 for information regarding the assumptions used to value these awards. Assuming the highest level of performance conditions are achieved for the performance-based awards, the grant date stock award values are outlined below:

- (3) Amounts represent AIP bonus payments by performance year. The AIP bonus payments for our NEOs in 2023, 2022, and 2021 were 10.0% (179.1% for Giordano and 25.0% for Chow), 132.6%, and 105.9% of target, respectively.

(4) The following table shows all amounts included in the “All Other Compensation” column for 2023 for each NEO:

Name	All Other Compensation				Total (\$)

Gonzaga J. Chow	19,800	594	—	—	20,394

- (5) Mr. Treadway did not receive an equity award grant in 2021, since he received equity awards upon joining the company in 2020 that covered the 2021 grant cycle.
- (6) Mr. Chow served as our Senior VP & President, Home Networks until the completion of the sale of our Home business to Vantiva on January 9, 2024. In anticipation of this transaction, Mr. Chow received a retention bonus of \$500,000 in July 2023. In addition, the Committee amended certain equity awards held by certain Home employees, including Mr. Chow, so that they would receive pro rata vesting through the end of the month in which the closing date of the transaction occurred and achievement for certain PSUs would be deemed to be at target performance. In addition, certain options held by Mr. Chow were amended so that the vested options would remain exercisable for a period of one year following his termination. The amounts included in the Stock Awards and Option Awards columns for Mr. Chow for 2023 include, in addition to the grant date value of the awards granted to Mr. Chow in 2023, the incremental fair values resulting from the equity modifications to certain of Mr. Chow’s awards. The table below sets forth the impact of these modifications:

- (1) Reflects the range of awards that could potentially have been earned during 2023 under our AIP. The "Threshold" column represents the minimum amount payable when threshold performance is met. The amounts actually earned are included under the column titled "Non-Equity Incentive Plan Compensation" in our SCT for 2023.
- (2) Reflects potential share payouts with respect to PSUs, with a cumulative Core Adjusted EBITDA (2023-2025) metric (or for Mr. Chow, a Home segment Adjusted EBITDA (2023-2025) metric), granted in 2023 at threshold, target, and maximum. The "Threshold" column represents the minimum amount payable (50% of target payout) when threshold performance is met. The "Target" column represents the amount payable (100% of target payout) if the specified performance targets are reached. The "Maximum" column represents the maximum amount payable (200% of target payout).
- (3) Reflects potential share payouts with respect to TSR PSUs granted in 2023 at threshold, target, and maximum. The "Threshold" column represents the minimum amount payable (25% of target payout) when threshold performance is met. The "Target" column represents the amount payable (100% of target payout) if the specified performance targets are reached. The "Maximum" column represents the maximum amount payable (200% of target payout). The performance conditions require the achievement of a specified performance target for the Company's TSR ranking relative to the TSR for each of the 500 companies, other than the Company, comprising the S&P 500 over a three-year period from March 1, 2023 through February 28, 2026.
- (4) Reflects RSUs granted in 2023, which vest in equal installments over three years.
- (5) Reflects the incremental fair values resulting from the equity modifications to certain of Mr. Chow's awards, as discussed in more detail in footnote 6 to the SCT.

NONQUALIFIED DEFERRED COMPENSATION FOR 2023

The Nonqualified Deferred Compensation table reflects information about the DCP for 2023.

DCP

The DCP permits a select group of our management, including the NEOs, to defer up to 90% of their compensation (including base salary and AIP or SIP bonus payments). Participants may direct the amounts credited to their accounts to one or more notional investments that are substantially the same as the investment offerings provided under our 401(k) plan. Participants' accounts are 100% vested at all times, and we do not provide matching or other Company contributions to the DCP. In general, a

participant may elect to receive a distribution in a lump sum or annual installments over a period of two to ten years, which distribution will commence, per the participant's election, as follows:

- For deferrals attributable to any period on or before December 31, 2016, as soon as practicable following (i) the participant's separation from service, or (ii) the earlier of (A) a specific date which occurs no earlier than two years from the end of the year in which the compensation is credited, or (B) the date of his or her separation (provided that if separation is due to retirement, payments will commence as of the elected specified date).
- For deferrals attributable to any period on or after January 1, 2017, as soon as practicable following (i) the first day of the seventh month after the participant's separation from service, (ii) the earlier of (A) a specific date which occurs no earlier than two years, and no later than five years, from the end of the year in which the compensation is credited, or (B) the first day of the seventh month after his or her separation (provided that if separation is due to retirement, payments will commence as of the elected specified date), or (iii) a specified interval of one to five years following his or her separation (provided that this payment election is only available with respect to lump sum payments).

Upon a participant's death or disability, or upon the occurrence of a change in control of the Company, the participant's entire balance will be paid to him or her (or the participant's estate or beneficiary, as applicable) in a lump sum.

The following table depicts the value of benefits accumulated by our NEOs under the DCP as of December 31, 2023.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

EMPLOYMENT AND SEVERANCE PROTECTION AGREEMENTS

Each of our NEOs is party to a severance protection agreement that entitles him to receive certain payments upon a qualifying termination of employment. Mr. Treadway is also party to an employment agreement.

Severance Protection Agreements

We are party to a severance protection agreement with each of our senior executive officers, including each of the NEOs. Each agreement is on a two-year term, automatically renewing on January 1 of each year unless the Company or the executive gives notice of non-renewal at least ninety (90) days prior to such date, except that the term may not expire prior to 24 months following a change in control of the Company (as defined in the agreement). Pursuant to the agreement, in the event that the executive's employment is terminated (i) by the Company for any reason other than for cause, death or disability or (ii) by the executive for good reason (which definition includes, among other things, a material diminution in title or duties and a material reduction in salary or target annual bonus), the executive will be entitled to receive accrued compensation, any bonus or incentive compensation that has been earned but not paid prior to the termination date, and each of the following:

- severance equal to one times (two times for Mr. Treadway) the sum of the executive's base salary at the time of the termination (Base Salary) and the executive's target bonus for the year in which the termination occurs (or for the immediately preceding year if the executive's target bonus for the year in which the termination occurs has not been approved at the time of the termination date) (Target Bonus), payable in equal installments, in accordance with the Company's normal payroll practices, during the twelve-month period (twenty-four month period for Mr. Treadway) following the termination date; provided that if such termination occurs within twenty-four months following a change in control of the Company, the severance amount will be a multiple of the sum of the executive's Base Salary and Target Bonus (one and one-half times for Mr. Giordano and Mr. Chow, two times for Mr. Choi and Mr. Lorentzen, and three times for Mr. Treadway), paid in a single lump sum; and
- payment for continuation of the executive's and his or her dependents' health benefits under COBRA for the earlier of twelve months (twenty-four months for Mr. Treadway) or when the executive is no longer eligible for COBRA health continuation coverage (the Continuation Period); provided that if such termination occurs within twenty-four months following a change in control of the Company, the Continuation Period will be the earlier of eighteen months for Mr. Giordano and Mr. Chow, twenty-four months for Mr. Choi and Mr. Lorentzen, and thirty-six months for Mr. Treadway, or when the executive is no longer eligible for COBRA health continuation coverage.

If the executive's employment is terminated by the Company during the term and within 24 months after a change in control (i) by the Company by reason of the executive's disability, (ii) by reason of the executive's death, (iii) by the Company without cause, or (iv) by the executive for good reason, the executive will receive a pro rata bonus for the year in which the termination occurs, based on the actual bonus the executive would have been paid for such year had he or she remained employed through the payment of such bonus.

Further, if the executive's employment is terminated by the Company other than for cause at any time prior to the date of a change in control of the Company and such termination (i) occurred after we entered into a definitive agreement, the consummation of which would constitute a change in control of the Company, or (ii) the executive reasonably demonstrates that such termination was at the request of a third party who has indicated an intention or has taken steps reasonably calculated to effect a change in control, such termination will be deemed to have occurred after a change in control for purposes of determining the executive's termination benefits.

Payment of the termination benefits require the executive to execute and not revoke a release of claims within forty-five days following his or her termination date and to comply with the restrictive covenants in the severance protection agreement. These covenants include confidentiality provisions

and other restrictive covenants whereby the executives have agreed not to compete with the Company, not to recruit certain of the Company's employees and independent contractors, and not to solicit certain of the Company's customers, within certain areas over a period of two years (eighteen months for Mr. Giordano and Mr. Chow) following the executive's termination date.

Employment Agreement with Mr. Treadway

We are party to an employment agreement with Mr. Treadway. His agreement is on a three-year term, automatically renewing for twelve months each year following the initial term unless either party gives 60 days' written notice of non-renewal. Pursuant to the terms of Mr. Treadway's severance protection agreement and an amendment to his employment agreement entered into in October 2022, his employment agreement remains in effect, but his severance protection agreement supersedes and replaces the termination benefits and restrictive covenants included in his employment agreement. Other than as provided in his severance protection agreement, the terms of Mr. Treadway's employment agreement remain unchanged.

For purposes of Mr. Treadway's agreement and his severance protection agreement, "good reason" includes a material reduction in base salary or target bonus, a material diminution in title or responsibilities as Chief Executive Officer, any change in reporting structure such that Mr. Treadway no longer reports directly to the Board of Directors, or the Company's material breach of the agreement.

Severance Policy

We maintain a general severance policy that applies to all United States and Canada based employees. Pursuant to this policy, employees may receive severance benefits and a COBRA or Retirement Health supplement in the event of an involuntary separation due to a reduction in force, lack of work, closure of a facility or position elimination. No severance benefits are paid in the event of a voluntary resignation, involuntary termination for cause, termination due to a sale of assets or operations if the employee is offered continued employment with the acquiror in the same general work location, or position elimination if the employee is offered a comparable or better position in the same general work location. The severance period varies based on job level and years of service and cannot exceed 52 weeks. Following the adoption of the new severance protection agreements in October 2022, the NEOs are not eligible to receive severance under our general severance policy.

EXECUTIVE COMPENSATION

The following table sets forth the estimated amount of the payments and benefits each of our NEOs would receive under certain termination of employment scenarios, in each case assuming a termination of employment on December 31, 2023. The payments and benefits described and quantified below are in addition to the compensation and benefits that would already be vested upon the NEO's termination of employment, including accrued but unpaid salary, accrued but unused vacation pay and payments and benefits accrued under the 401(k) plan.

- (1) Pursuant to the terms of the AIP, participants are eligible to receive, at the discretion of the Compensation Committee, a pro rata portion of their award, based upon actual achievement of applicable performance objectives, if their employment is terminated due to death, disability or retirement (at age 65 or at age 55 with at least 10 years of service with the Company, or earlier with prior approval of the Company). Amounts shown in the table assume that the Compensation Committee approved such pro rata payouts.
- (2) Pursuant to the terms of the AIP, in the event of a change in control of the Company (as defined in the AIP), within 30 days thereafter, we will pay to each participant immediately prior to such change in control (regardless of whether such participant remains in the employ of the Company following the change in control) an award equal to his or her target incentive for the AIP plan cycle then underway (prorated to the date of the change in control). Pursuant to the agreements with the NEOs, in the event of a termination of employment following a change in control, the executive would receive a pro rata bonus based on actual achievement of applicable performance objectives. Amounts shown in the table reflect the actual bonus amounts earned for 2023. In the event of a change in control without a termination of employment, the target bonus amount payable under the AIP due to the change in control would have been \$1,950,000 for Mr. Treadway, \$683,000 for M. Lorentzen, \$460,000 for Mr. Choi, \$367,289 for Mr. Giordano and \$410,698 for Mr. Chow.

Equity Incentive Awards

The RSU award agreements under which certain of the NEOs received grants in 2021, 2022 and 2023 provide that all awards granted pursuant to those award agreements will become immediately vested in the event of any of the following:

- the termination of a participant's service due to death or disability,
- a change in control of the Company in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, or
- a change in control of the Company in which the awards are assumed or equitably converted, but the participant's employment is terminated without "cause" or the participant resigns for "good reason" within two years following the change in control.

The EPRG PSU agreements under which certain of the NEOs received grants in 2020 and 2021 provide that in the event of a change of control of the Company, achievement of the performance condition for any outstanding and unvested units will be determined as if the average trading price is equal to the fair market value per share of the Company's common stock as of the consummation of the change of control. The service condition for any such units will be deemed to be satisfied in full in the event of a change in control of the Company in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, or a change in control of the Company in which the awards are assumed or equitably converted, but the participant's employment is terminated by the Company without cause or the participant resigns for good reason within two years following the change in control, or due to death or disability occurring prior to the end of the performance period. The EPRG PSUs vest upon satisfaction of both the performance condition and the service condition.

The Core Adjusted EBITDA PSU and TSR PSU agreements under which the NEOs received grants in 2022 and 2023 provide that in the event of a change in control of the Company in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, if the change in control occurs during the first year of the performance period, the PSUs will be prorated and will vest based on deemed performance of target level. If the change in control occurs during the second or third year of the performance period, the PSUs will be prorated and will vest based on actual performance through the end of the most recently completed fiscal year or, for the 2022 and 2023 TSR PSUs, the most recently completed calendar month (or using another methodology in the Compensation Committee's discretion). In the event the awards are assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, the performance period will end at the time of the change in control, the performance requirements shall be deemed to be satisfied at target level if the change in control occurs during the first year of the performance period or based on actual performance through the end of the most recently completed fiscal year or, for the 2022 and 2023 TSR PSUs, the most recently completed calendar month (or using another methodology in the Compensation Committee's discretion), and such awards for which the performance requirement has been met (or is deemed to have been met) will vest in full on a specified date, provided that the participant is still in continuous service, or earlier if the participant's employment is terminated without cause or the participant resigns for good reason within two years following the change in control.

The following table presents the value (based on the Company's closing stock price on December 29, 2023 of \$2.82) of equity awards that would become vested upon a termination due to death or disability, a change in control in which the awards are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, or a change in control in

EXECUTIVE COMPENSATION

which the awards are assumed or equitably converted but the participant's employment is terminated without cause or the participant resigns for good reason within two years following the change in control of the Company, assuming that any such events had occurred on December 31, 2023. The amounts for PSUs with the cumulative Core Adjusted EBITDA metric are based on threshold performance for the 2022 awards and target performance for the 2023 awards. The amounts for PSUs with the TSR metric are based on actual performance for the 2022 awards and target performance for the 2023 awards. The amounts for all of Mr. Chow's RSUs and his PSUs reflect the pro rata acceleration of his modified awards, with performance for PSUs deemed to be at target performance.

COMPENSATION-RELATED RISK ASSESSMENT

Our Compensation Committee, with the assistance of our management, through the human resources, finance and legal departments, has analyzed the potential risks arising from our compensation policies and practices and has determined that there are no such risks that are reasonably likely to have a material adverse effect on the Company.

CEO PAY RATIO

Under Commission rules, we are required to calculate and disclose the ratio of our median employee's annual total compensation to the total annual compensation of our Chief Executive Officer.

In 2023, our employee population decreased significantly mainly due to CommScope NEXT restructuring actions. To identify our median employee, we compiled a list of all worldwide full-time, part-time, seasonal and temporary employees employed by us and our consolidated subsidiaries as of October 31, 2023. The compensation measure we used to determine our median employee included annual base salary as of October 31, 2023; an estimate of overtime based on average overtime worked considering the job position and country of the employee; and incentive compensation based on targets. We believe this compensation measure is a reasonable measure that can be consistently applied to our over 20,000 employees across the world in order to yield an accurate representation of our median employee.

Mr. Treadway had 2023 annual total compensation of \$12,300,463 as reflected in the SCT included in this Proxy Statement. Our median employee's annual total compensation for 2023, calculated in the same manner as compensation in the SCT, was \$15,343. As a result, Mr. Treadway's annual total compensation is 802 times that of our median employee. We believe this pay ratio is a reasonable estimate calculated in a manner consistent with Commission rules.

We have a team of over 20,000 employees to serve customers in over 150 countries through an extensive network of manufacturing and distribution facilities strategically located around the globe. We utilize lower-cost geographies for high labor content products while investing in largely automated

plants in higher-cost regions close to customers. Most of our manufacturing employees are located in lower-cost geographies such as Mexico, China, India and the Czech Republic and are compensated at the market rate based on their geographic location and their job type. This drives a higher pay ratio between our median employee and our Chief Executive Officer when compared to companies with primarily United States operations or those businesses that are not as labor intensive. To provide more comparability, we believe it is useful to present a supplemental calculation using the same methodology as above except that it includes only our employees in the United States. Using this methodology, the median U.S. employee identified had a pay of \$122,312 in 2023, resulting in a pay ratio calculation of 101:1.

PAY VERSUS PERFORMANCE

Background

Item 402(v) of the Commission's Regulation S-K, which was mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, requires disclosure of information that demonstrates the relationship between executive "compensation actually paid" (CAP) and our performance against several specific financial metrics. We have included the table and disclosure below in accordance with the final rule, which was effective on October 11, 2022. For further information regarding our executive compensation programs, the metrics the Compensation Committee used to set executive compensation for 2023 (which is different than the financial metrics we are required to include in the tables and discussion below) and our pay-for-performance philosophy, please refer to the "Compensation Discussion and Analysis."

- (1) The first Primary Executive Officer (First PEO) above represents the amounts for Mr. Treadway who served as Chief Executive Officer during 2023, 2022 and 2021. In October 2020, Mr. Treadway became Chief Executive Officer upon the retirement of Mr. Marvin S. Edwards, Jr. (Second PEO). During 2023, our remaining NEOs consisted of Messrs. Lorentzen, Choi, Giordano and Chow. During 2022, our remaining NEOs consisted of Messrs. Lorentzen, Ogurek, Choi and Carlson. During 2021, our remaining NEOs consisted of Messrs. Lorentzen, Alexander W. Pease, Choi, Morgan C.S. Kurk and Mses. Robyn T. Mingle and Brooke B. Clark. During 2020, our remaining NEOs consisted of Messrs. Pease, Carlson, Frank B. Wyatt, II, Kurk, Frank M. Drendel and Jeffrey M. White.
- (2) Amounts represent CAP to Mr. Treadway, as calculated in accordance with Item 402(v) of the Commission's Regulation S-K. The dollar amounts do not reflect the actual amount of compensation earned by or paid to Mr. Treadway during the applicable year. As required by the rules of the Commission, the CAP amount for each year is determined by adding (or subtracting, as applicable) the following to the SCT total compensation for the relevant year: (i) the year-end fair value of any equity awards granted in the applicable year that are outstanding and unvested as of the end of the year; (ii) the amount of change as of the end of the applicable year (from the end of the prior fiscal year) in the fair value of any awards granted in prior years that are outstanding and unvested as of the end of the applicable year; (iii) for awards that are granted and vest in the same applicable year, the fair value as of the vesting date; (iv) for awards granted in prior years that vest in the applicable year, the amount equal to the change as of the vesting date (from the end of the prior fiscal year) in fair value; (v) for awards granted in prior years that are determined to fail to meet the applicable vesting conditions during the applicable year, a deduction for the amount equal to the fair value at the end of the prior fiscal year; and (vi) the dollar value of any dividends or other earnings paid on stock or option awards in the applicable year prior to the vesting date that are not otherwise reflected in the fair value of such award or included in any other component of total compensation for the

applicable year. The valuation assumptions used to calculate fair values did not materially differ from those disclosed at the time of grant. The adjustments to determine CAP for Mr. Treadway are as follows:

- (3) Amounts represent CAP to Mr. Edwards, as calculated in accordance with Item 402(v) of the Commission's Regulation S-K. The dollar amounts do not reflect the actual amount of compensation earned by or paid to Mr. Edwards during the applicable year. As required by the rules of the Commission, the following adjustments were made to the SCT total compensation for each year to determine the CAP for Mr. Edwards, using the same methodology as described above in footnote 2:

- (5) Amounts represent the average of the CAP amounts for the non-PEO NEOs as a group, as calculated in accordance with Item 402(v) of the Commission's Regulation S-K. As required by the rules of the Commission, the following adjustments were made to the SCT total compensation for each year to determine the average CAP for the non-PEO NEOs, using the same methodology as described above in footnote 2:

EXECUTIVE COMPENSATION

(8) Core Adjusted EBITDA consists of adjusted EBITDA from continuing operations, subject to adjustments as described in “—2023 Compensation Actions—Annual Incentive Plan”. See the aggregation of Core Adjusted EBITDA included in Appendix A hereto. As described in the “Compensation Discussion and Analysis,” the Compensation Committee uses a number of performance measures to evaluate performance under our compensation programs, but the Company has determined that Core Adjusted EBITDA is the financial performance measure that, in the Company’s assessment, represents the most important performance measure (that is not otherwise required to be disclosed in the table) used by the Company to link CAP to the NEOs, for the most recently completed fiscal year, to Company performance.

List of Most Important Financial Measures

The financial performance measures, which in the Company’s assessment represent the most important financial performance measures used by the Company to link CAP to the NEOs, for the most recently completed fiscal year, to company performance, are as follows:

- Core Adjusted EBITDA
- Core Revenue
- TSR

Relationship Between CAP and Performance Measures

The following charts demonstrate the relationship between CAP to Mr. Treadway (PEO 1), Mr. Edwards (PEO 2) and average compensation paid to other NEOs (NEO Avg) and various performance measures of the Company for the years ended December 31, 2023, 2022, 2021 and 2020.

PROPOSAL No. 4:

APPROVAL OF ADDITIONAL SHARES UNDER OUR 2019 LONG-TERM INCENTIVE PLAN

BACKGROUND

On February 28, 2024, the Board of Directors approved, subject to stockholder approval at the Annual Meeting, an amendment to the CommScope Holding Company, Inc. 2019 Long-Term Incentive Plan (2019 Plan) to increase the number of shares authorized under the 2019 Plan by 9.55 million shares. Except for the proposed increase in the number of shares authorized under the 2019 Plan, the amendment does not change any provisions of the 2019 Plan, which was approved by stockholders at the 2019 Annual Meeting and amended at the 2020, 2021, 2022 and 2023 Annual Meetings. The 2019 Plan is the only plan under which equity-based compensation currently may be awarded to our executive officers and employees.

The Compensation Committee believes the number of shares available under the 2019 Plan is not sufficient to make the grants that will be needed over the next year to provide adequate long-term equity incentives to our key employees. Approval of the amendment to the 2019 Plan will enable the Company to continue making equity compensation grants that serve as incentives to recruit and retain key employees and to continue aligning the interests of its employees with stockholders.

PLAN DEVELOPMENT

In determining the number of shares to add to the authorized share pool for the 2019 Plan, the Compensation Committee considered a number of factors, including key data relating to outstanding equity awards and shares available for grant, historical share usage, and future share needs.

The Committee also considered the fact that our equity compensation historically has been heavily weighted to performance-based incentives, including:

- PSUs granted to executives in 2020 and 2021 require the achievement of goals relating to our stock price, ranging from a low of \$15 to a high of \$40
- Approximately 2.0 million outstanding equity awards are in the form of stock options
- TSR PSUs granted to executives in 2022 and 2023 require achievement of goals relating to our TSR ranking relative to the TSR of the companies, other than the Company, comprising the S&P 500 over a three-year period
- Core Adjusted EBITDA PSUs granted to executives in 2022 and 2023 require achievement of cumulative Core Adjusted EBITDA goals for the three-year period
- Executive equity is heavily weighted to instruments that require strong performance for the delivery of value

We expect that the shares requested under the amended 2019 Plan will provide for grants to Company personnel for the remainder of 2024 and early 2025. Accordingly, we expect to seek approval for additional shares under the 2019 Plan at the 2025 Annual Meeting of Stockholders.

A summary of the 2019 Plan is set forth below. This summary is qualified in its entirety by the full text of the amended 2019 Plan, which is attached to this Proxy Statement as Appendix B.

PROMOTION OF SOUND CORPORATE GOVERNANCE PRACTICES

We have designed the 2019 Plan to include a number of features that reinforce and promote alignment of equity compensation arrangements for employees, officers, consultants, and non-employee directors with the interests of stockholders and the Company. These features include, but are not limited to, the following:

- **No Discounted Stock Options or Stock Appreciation Rights (SARs).** Stock options and SARs may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date.
- **Prohibition on Repricing.** The exercise price of a stock option or SAR may not be reduced, directly or indirectly, without the prior approval of stockholders, including the exchange for cash or another award or by a cash repurchase of “underwater” awards.
- **Minimum Vesting Requirements.** Subject to certain limited exceptions, awards granted under the 2019 Plan are subject to a minimum vesting period of one year or will be granted solely in exchange for foregone cash compensation.
- **No Liberal Share Recycling.** Shares retained by or delivered to the Company to pay the exercise price of a stock option or SAR or to satisfy tax withholding obligations in connection with the exercise, vesting or settlement of an award count against the number of shares remaining available under the 2019 Plan.
- **No Dividends on Unearned Awards.** The 2019 Plan prohibits the current payment of dividends or dividend equivalent rights on unearned awards.

- **No Single-Trigger Change of Control Vesting.** If awards granted under the 2019 Plan are assumed by the successor entity in connection with a change of control of the Company, such awards will not automatically vest and pay out upon the change of control.
- **No Tax Gross-Ups.** The 2019 Plan does not provide for any tax gross-ups.
- **Awards Subject to Clawback Policy.** Awards under the 2019 Plan are subject to the Company's clawback policy or any other compensation recoupment policy that the Company may adopt from time to time.

SUMMARY OF THE 2019 PLAN

PURPOSE AND ELIGIBILITY. The purpose of the 2019 Plan is to promote the Company's success and enhance its value by linking the personal interests of its employees, officers, directors and consultants to those of the Company's stockholders, and by providing participants with an incentive for outstanding performance. The 2019 Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent. As of March 13, 2024, approximately 2,853 employees and 6 non-employee directors are eligible to participate in the 2019 Plan.

ADMINISTRATION. The 2019 Plan is administered by the Compensation Committee. The Committee has the authority to: designate participants; grant awards; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2019 Plan; and make all other decisions and determinations that may be required under the 2019 Plan.

AWARDS TO NON-EMPLOYEE DIRECTORS. Notwithstanding the above, awards granted under the 2019 Plan to the Company's non-employee directors are made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of non-employee directors as in effect from time to time. In 2023, directors were granted RSUs which provide adequate incentives for strong performance without distracting from the directors' important role in risk management.

PERMISSIBLE AWARDS. The 2019 Plan authorizes the granting of awards in any of the following forms:

- market-priced options to purchase shares of our common stock, which may be designated under the Code as non-statutory stock options or incentive stock options;
- stock appreciation rights, which give the holder the right to receive an amount (payable in cash or stock, as specified in the award agreement) equal to the excess of the fair market value per share of our common stock on the date of exercise over the base price of the award (which cannot be less than the fair market value of the underlying stock as of the grant date);
- restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee;
- stock units, (including restricted stock units and deferred stock units) which represent the right to receive shares of common stock (or an equivalent value in cash or other property, as specified in the award agreement) at a designated time in the future and subject to any vesting requirement as may be set by the Compensation Committee;

- performance awards, which represent any award of the types listed above which have a performance-vesting component based on the achievement, or the level of achievement, of one or more performance goals during a specified performance period, as established by the Compensation Committee;
- other stock-based awards that are denominated or payable in, valued by reference to, or otherwise based on, shares of common stock;
- cash-based awards, including performance-based annual bonus awards.

SHARES AVAILABLE FOR AWARDS. Subject to proportionate adjustment in the event of stock splits and similar events, the aggregate number of shares of common stock that may be issued under the 2019 Plan presently is 32.5 million shares, plus a number of additional shares (not to exceed 17.4 million) underlying awards outstanding as of the effective date of the 2019 Plan under the Prior Plan and the ARRIS Plan that thereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. The amendment to the 2019 Plan would add another 9.55 million shares to the 2019 Plan. The maximum number of shares that may be issued upon exercise of incentive stock options granted under the 2019 Plan is 42.05 million. As of March 6, 2024, only 1,301,599 shares remain available for grant under the 2019 Plan.

SHARE COUNTING. Shares subject to awards that terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason, and shares underlying awards that are ultimately settled in cash, will again be available for future grants of awards under the 2019 Plan. To the extent that the full number of shares subject to a full-value award is not issued for any reason, including by reason of failure to achieve maximum performance goals, the unissued shares originally subject to the award will be added back to the plan share reserve. Shares delivered by the participant or withheld from an award to satisfy tax withholding requirements, and shares delivered or withheld to pay the exercise price of an option, will not replenish the plan share reserve. For SARs settled in shares, the full number of shares underlying the award (rather than any lesser number based on the net number of shares actually delivered upon exercise) will count against the plan share reserve. The Compensation Committee may grant awards under the 2019 Plan in substitution for awards held by employees of another entity who become employees of the Company as a result of a business combination, and such substitute awards will not count against the plan share reserve. Shares repurchased by the Company on the open market with the proceeds of an Option exercise shall not be added to the Plan share reserve.

LIMITATIONS ON AWARDS. The maximum number of shares of common stock subject to stock options or SARs that may be granted under the 2019 Plan in any calendar year to any one participant is 4.0 million each. The maximum number of shares of common stock underlying awards of restricted stock, RSUs and deferred stock units that may be granted under the 2019 Plan in any calendar year to any one participant, in the aggregate, is 4.0 million. The maximum amount that may be paid to any one participant with respect to any calendar year for performance awards granted under the 2019 Plan is \$10.0 million for performance awards payable in cash and 4.0 million shares for performance awards payable in shares. For performance awards with multi-year performance periods, the amount of cash or number of shares deemed paid with respect to any one calendar year is the total amount earned for the performance period divided by the number of calendar year periods within the performance period.

LIMITATION OF NON-EMPLOYEE DIRECTOR COMPENSATION. The maximum aggregate number of shares subject to awards that may be granted under the 2019 Plan to any non-employee director in any calendar year is limited to a number that, combined with any cash meeting fees or cash retainers, does not exceed \$750,000 in total value, including in the case of a non-employee Chairman of the Board or Lead Director.

MINIMUM VESTING REQUIREMENTS. Except in the case of awards issued in lieu of fully-vested cash awards and substitute awards granted in a business combination, full-value awards, options and SARs issued under the 2019 Plan are subject to a minimum vesting period of one year. For awards issued to non-employee directors, the minimum vesting period may be the approximately one-year period between annual meetings. However, the Compensation Committee may at its discretion, grant full-value awards, options and SARs without the minimum vesting requirements described above with respect to awards covering 5% or fewer of the total number of shares authorized under the 2019 Plan. In addition, the minimum vesting requirement does not apply to accelerated exercisability or vesting of any award in cases of death, disability or a change in control.

TREATMENT OF AWARDS UPON DEATH OR DISABILITY. Unless otherwise provided in an award agreement or any special plan document governing an award, upon termination of a participant's service by reason of death or disability:

- all outstanding options, stock appreciation rights and other awards, or the portions of such awards, that are solely subject to time-based vesting restrictions will become fully vested; and
- all outstanding options, stock appreciation rights and other awards, or the portions of such awards, that are solely subject to performance-based vesting restrictions will be prorated, based on the time elapsed during the performance period, and the prorated portion will remain outstanding and eligible to vest based on actual performance over the applicable performance period.

TREATMENT OF AWARDS UPON A CHANGE OF CONTROL. Unless otherwise provided in an award agreement or any special plan document governing an award:

(A) upon the occurrence of a change of control of the Company in which awards under the 2019 Plan are not assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control in a manner approved by the Compensation Committee or the Board:

- all outstanding options and stock appreciation rights will become fully vested and exercisable, and all time-based vesting restrictions on outstanding awards will lapse; and
- the payout opportunities attainable under outstanding performance-based awards will vest based on target or actual performance (depending on whether the change in control occurs during the first half or the second half of the performance period) and the awards will payout on a pro rata basis, based on the time elapsed prior to the change in control.

(B) upon the occurrence of a change of control of the Company in which awards under the 2019 Plan are assumed by the surviving entity or otherwise equitably converted or substituted in connection with the change in control, if within two years after the effective date of the change of control, a participant's employment is terminated without Cause or the participant resigns for Good Reason (as such terms are defined in the 2019 Plan), then:

- all of that participant's outstanding options and stock appreciation rights will become fully vested and exercisable, and all time-based vesting restrictions on that participant's outstanding awards will lapse; and
- the payout opportunities attainable under outstanding performance-based awards will vest based on target or actual performance (depending on the time during the performance period

in which the date of termination occurs) and the awards will payout on a pro rata basis, based on the time elapsed prior to the date of termination.

DISCRETION TO ACCELERATE VESTING. The Compensation Committee may, in its sole discretion, determine that all or a portion of a participant's awards shall become fully or partially exercisable, that all or a portion of the restrictions on the participant's awards shall lapse, and/or any performance-based criteria with respect to such awards shall be deemed satisfied. Any such exercise of discretion will be subject to the minimum vesting requirements described above, other than in cases of death, disability or a change in control.

ANTI-DILUTION ADJUSTMENTS. In the event of a transaction between us and our stockholders that causes the per-share value of our common stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering or large nonrecurring cash dividend), the share authorization limits and annual award limits under the 2019 Plan will be adjusted proportionately, and the Compensation Committee shall make such adjustments to the 2019 Plan and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction.

AMENDMENT AND TERMINATION OF THE 2019 PLAN. No awards may be granted under the 2019 Plan after the tenth anniversary of the effective date of the plan (or, if the amendment to the 2019 Plan is approved, the tenth anniversary of the effective date of the amendment). The Board or the Compensation Committee may amend, suspend or terminate the 2019 Plan at any time, except that no amendment may be made without the approval of the Company's stockholders if stockholder approval is required by any federal or state law or regulation or by the rules of any stock exchange on which the common stock may then be listed, or if the amendment, alteration or other change materially increases the benefits accruing to participants, increases the number of shares available under the 2019 Plan or modifies the requirements for participation under the 2019 Plan, or if the Board or Committee in its discretion determines that obtaining such stockholder approval is for any reason advisable. No amendment or termination of the 2019 Plan may, without the written consent of the participant, reduce or diminish the value of an outstanding award. The Committee may amend or terminate outstanding awards at any time, except that no amendment or termination of outstanding award may, without the written consent of the participant, reduce or diminish the value of such outstanding awards.

PROHIBITION ON REPRICING. Without the prior consent of the Company's stockholders, outstanding stock options and SARs cannot be repriced, directly or indirectly, nor may stock options or SARs be cancelled in exchanged for stock options or SARs with an exercise or base price that is less than the exercise price or base price of the original stock options or SARs. In addition, the Company may not, without the prior approval of stockholders, repurchase an option or stock appreciation right for value from a participant if the current market value of the underlying stock is lower than the exercise price per share of the option or stock appreciation right.

LIMITATIONS ON TRANSFER; BENEFICIARIES. No right or interest of a participant in any award may be pledged or encumbered to or in favor of any person other than the Company or an affiliate, or be subject to any lien, obligation or liability of the participant to any person other than the Company or an affiliate. Except to the extent otherwise determined by the Compensation Committee with respect to awards other than incentive stock options, no award may be assignable or transferable by a participant other than by will or by the laws of descent and distribution.

CLAWBACK POLICY. Awards under the 2019 Plan are subject to the Company's clawback policy and any other compensation recoupment policy of the Company as adopted from time to time.

FEDERAL INCOME TAX CONSEQUENCES

The United States federal income tax discussion set forth below is intended for general information only and does not purport to be a complete analysis of all the potential tax effects of the 2019 Plan. It is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change. State, local and foreign tax consequences are not discussed, and may vary from jurisdiction to jurisdiction.

NONQUALIFIED STOCK OPTIONS. There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonqualified stock option under the 2019 Plan. When the optionee exercises a nonqualified option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding federal income tax deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

INCENTIVE STOCK OPTIONS. There will be no federal income tax consequences to the optionee or to the Company upon the grant of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted and one year after exercise, then the amount equal to the excess of the amount realized upon sale or disposition of the option shares over the exercise price will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

STOCK APPRECIATION RIGHTS. A participant receiving a stock appreciation right under the 2019 Plan will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the stock appreciation right, the amount of cash and the fair market value of any shares of stock received will be ordinary income to the participant and the Company will be allowed as a corresponding federal income tax deduction at that time.

RESTRICTED STOCK. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, a participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is nontransferable and is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

RESTRICTED STOCK UNITS. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a RSU award is granted. Upon receipt of shares of stock (or the equivalent value in cash or other property) in settlement of a restricted stock unit award, a participant will recognize ordinary income equal to the fair market value of the stock or other property as of that date (less any amount he or she paid for the stock or property), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

PERFORMANCE AWARDS. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a performance award is granted (for example, when the performance goals are established). Upon receipt of cash, stock or other property in settlement of a performance award, the participant will recognize ordinary income equal to the cash, stock or other property received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

CODE SECTION 409A. The 2019 Plan permits the grant of various types of incentive awards, which may or may not be exempt from Code Section 409A. If an award is subject to Section 409A, and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described and could result in the imposition of additional taxes and penalties. Restricted stock awards, stock options and stock appreciation rights granted under the 2019 Plan, are designed to be exempt from the application of Code Section 409A. RSUs and performance awards granted under the 2019 Plan would be subject to Section 409A unless they are designed to satisfy the short-term deferral exemption from such law.

TAX WITHHOLDING. The Company has the right to deduct or withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state, local and foreign taxes (including employment taxes) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the 2019 Plan.

BENEFITS TO NEOs AND OTHERS

Grants and awards under the 2019 Plan, which may be made to Company executive officers, directors and other employees, are made at the discretion of the Compensation Committee, granted pursuant to our director compensation program or, in some instances, granted to non-executive employees pursuant to delegated authority. The following table sets forth the number of stock options, RSUs and PSUs that have been granted under the 2019 Plan to our NEOs and the other individuals and groups indicated, as of March 6, 2023. Any future awards under the 2019 Plan are not presently determinable.

AUDIT MATTERS

PROPOSAL No. 5:

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of Ernst & Young LLP (EY), an independent registered public accounting firm, as our independent auditors for 2024. EY has been retained as our independent auditor since 2008. The Audit Committee has reviewed the qualifications and independence of EY, the lead audit partner and the audit team and determined that it is in the best interests of the Company and its investors to continue to retain EY as the Company's independent registered public accounting firm. The Board of Directors is asking the stockholders to ratify and approve this action.

Representatives of EY are expected to be present at the Annual Meeting and will be afforded the opportunity to make a statement and will be available to respond to appropriate questions that may come before the Annual Meeting.

Although such ratification is not required by law, the Board of Directors believes that stockholders should be given the opportunity to express their views on the subject. While not binding on the Audit Committee, the failure of the stockholders to ratify the appointment of EY as the Company's independent registered public accounting firm would be considered by the Audit Committee in determining whether to retain the services of EY.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table shows the aggregate fees for professional services provided by EY and its affiliates for the years ended December 31, 2023 and 2022.

	2023	2022
	(in thousands)	
Audit Fees	\$10,919	\$10,577
Audit-Related Fees	1,719	113
Tax Fees	508	695
All Other Fees	—	—
TOTAL	\$13,146	\$11,385

Audit Fees

Audit fees consist of the fees and expenses for professional services rendered for the audit of the Company's annual consolidated financial statements, internal control audits, reviews of quarterly financial statements, statutory audits required internationally and related services. Audit fees also include fees and expenses for services associated with securities and debt offerings and filing registration statements with the Commission.

Audit-Related Fees

Audit-related fees consist of the fees and expenses for attest and related services that are not required under securities laws, audits of certain benefit plans and affiliated entities, and other services pertaining to accounting and financial reporting matters. These services also include accounting consultations and audits in connection with planned divestitures.

Tax Fees

Tax fees consist of the fees and expenses for tax compliance, primarily the preparation of original and amended tax returns, assistance with tax audits and related services of \$220,000 in 2023 and \$342,000 in 2022, and tax advisory services of \$288,000 in 2023 and \$353,000 in 2022.

All Other Fees

There were no other fees billed for professional services rendered by EY for 2023 or 2022.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by the Company's independent registered public accounting firm prior to the engagement of the independent registered public accounting firm with respect to such services.

Under these policies and procedures, proposed services may be pre-approved on a periodic basis or individual engagements may be separately approved by the Audit Committee prior to the services being performed. In each case, the Audit Committee considers whether the provision of such services would impair the independent registered public accounting firm's independence. All audit services, audit-related services and tax services provided by EY and its affiliates for 2023 and 2022 were pre-approved by the Audit Committee.

The Board of Directors recommends a vote "FOR" Proposal No. 5, the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2024. Proxies will be voted "FOR" ratification, unless otherwise specified in the proxy.

AUDIT COMMITTEE REPORT

The Audit Committee operates pursuant to an Audit Committee Charter that is reviewed annually by the Audit Committee and updated as appropriate. The charter can be found on the Company's investor relations website at <http://ir.commscope.com/corporate-governance.com>.

During 2023, the Audit Committee consisted of the three directors named below, each of whom is independent within the meaning of the Securities and Exchange Commission (SEC) and applicable Nasdaq rules. The Audit Committee met nine times during 2023 and met with both EY and the Company's internal auditors without management.

The Audit Committee assists the Board of Directors in fulfilling its responsibilities by overseeing the accounting and financial reporting processes of CommScope, the audits of CommScope's consolidated financial statements and internal control over financial reporting, the qualifications and performance of the independent registered public accounting firm and the performance of CommScope's internal audit function. In carrying out its responsibilities, the Audit Committee, among other things, monitors preparation of quarterly and annual financial reports by the Company's management; supervises the relationship between the Company and its independent registered public accountants, including their appointment, compensation and retention; oversees management's implementation and maintenance of effective systems of internal control over financial reporting and disclosure controls, and oversees the Company's internal audit function. The Audit Committee also maintains oversight of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interest, and risk management, which includes review of the ERM program, treasury investment risk and cybersecurity risk. The Audit Committee's oversight of cybersecurity risk includes reviewing assessments of the overall threat landscape, steps management has taken to monitor or mitigate its risk exposure and related strategies and investments.

The Audit Committee relies on the expertise and knowledge of management, the Company's internal audit function and the independent auditor in carrying out its oversight responsibilities. Management is responsible for the Company's financial statements and the financial reporting process, including the implementation and maintenance of effective internal control over financial reporting. Management is also responsible to the Audit Committee and the Board of Directors for assessing the integrity of the financial accounting and reporting control systems. EY is responsible for auditing the Company's financial statements and the effectiveness of internal control over financial reporting and expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, as well as expressing an opinion on the effectiveness of internal control over financial reporting. EY has free access to the Audit Committee to discuss any matters they deem appropriate.

In order to assure continuing auditor independence and objectivity, the Audit Committee periodically considers whether there should be a regular rotation of the independent registered public accounting firm. The Audit Committee is also involved in the selection of the lead engagement partner in conjunction with the mandated regular rotation of the lead audit partner every five years or at an earlier date.

In fulfilling its oversight responsibilities, the Audit Committee has (i) reviewed and discussed the audited financial statements for the year ended December 31, 2023 with management and EY; (ii) reviewed and discussed management's maintenance of effective internal control over financial reporting; (iii) discussed with EY the matters required to be discussed by the auditors with the Audit Committee under the applicable requirements of the Public Company Accounting Oversight Board (PCAOB) and the SEC; (iv) reviewed the written disclosures and letters from EY as required by the rules of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence; and (v) discussed with EY their independence from the Company.

The Audit Committee determined that the provision of non-audit professional services rendered by EY in 2023, and disclosed elsewhere in this Proxy Statement, is compatible with maintaining their independence. The Audit Committee has also reviewed and pre-approved audit and non-audit related services for 2024.

AUDIT COMMITTEE REPORT

The Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements for the year ended December 31, 2023 be included in the Company's Annual Report on Form 10-K for filing with the SEC. The Audit Committee also approved the selection of EY as CommScope's independent registered public accounting firm for 2024 and recommends that the stockholders ratify their appointment.

APPENDIX A – RECONCILIATION OF GAAP FINANCIAL MEASURES TO NON-GAAP FINANCIAL MEASURES AND OTHER SUPPLEMENTAL FINANCIAL DATA

CommScope management believes that presenting net income (loss) excluding certain special items enhances an investor's understanding of the Company's financial performance when considered together with the GAAP financial measures. The Company's management further believes that these non-GAAP financial measures are useful in assessing our operating performance from period to period by excluding certain items that we believe are not representative of our core business. In addition, the Company's management uses certain of these financial measures for business planning purposes and in measuring our performance relative to that of our competitors.

**COMMSCOPE HOLDING COMPANY, INC.
AMENDED AND RESTATED
2019 LONG-TERM INCENTIVE PLAN**

**ARTICLE 1
PURPOSE**

1.1. **GENERAL.** The purpose of the CommScope Holding Company, Inc. Amended and Restated 2019 Long-Term Incentive Plan (the “Plan”) is to promote the success, and enhance the value, of CommScope Holding Company, Inc. (the “Company”), by linking the personal interests of employees, officers, directors and consultants of the Company or any Affiliate (as defined below) to those of Company stockholders and by providing such persons with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company’s operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, directors and consultants of the Company and its Affiliates.

1.2. **HISTORY.** The Plan was originally adopted by the Board on May 8, 2019, and was approved by the stockholders of the Company on June 21, 2019. The Plan was amended and restated by the Board on February 19, 2020, and was approved by the stockholders of the Company on May 8, 2020. The Plan was further amended and restated by the Board on February 16, 2021, and was approved by the stockholders of the Company on May 7, 2021. The Plan was further amended and restated by the Board on February 16, 2022, and was approved by the stockholders of the Company on May 6, 2022. The Plan was further amended and restated by the Board on February 22, 2023, and was approved by the stockholders of the Company on May 11, 2023. The Plan was further amended and restated by the Board on February 28, 2024, contingent on approval of the stockholders of the Company on May 9, 2024.

**ARTICLE 2
DEFINITIONS**

2.1. **DEFINITIONS.** When a word or phrase appears in this Plan with the initial letter capitalized, and the word or phrase does not commence a sentence, the word or phrase shall generally be given the meaning ascribed to it in this Section or in Section 1.1 unless a clearly different meaning is required by the context. The following words and phrases shall have the following meanings:

(a) “Affiliate” means (i) any Subsidiary or Parent, or (ii) an entity that directly or through one or more intermediaries controls, is controlled by or is under common control with, the Company, as determined by the Committee.

(b) “Award” means an award of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Deferred Stock Units, Performance Awards, Other Stock-Based Awards, or any other right or interest relating to Stock or cash, granted to a Participant under the Plan.

(c) “Award Certificate” means a written document, in such form as the Committee prescribes from time to time, setting forth the terms and conditions of an Award. Award Certificates may be in the form of individual award agreements or certificates or a program document describing the terms and provisions of an Award or series of Awards under the Plan. The Committee may provide for the use of electronic, internet or other non-paper Award Certificates, and the use of electronic, internet or other non-paper means for the acceptance thereof and actions thereunder by a Participant.

(d) “Beneficial Owner” shall have the meaning given such term in Rule 13d-3 of the General Rules and Regulations under the 1934 Act.

(e) “Board” means the Board of Directors of the Company.

(f) “Cause” as a reason for a Participant’s termination of employment shall have the meaning assigned such term in the employment, consulting, severance or similar agreement, if any, between such Participant and the Company or an Affiliate; provided, however, that if there is no such employment, consulting, severance or similar agreement in which such term is defined, and unless otherwise defined in the applicable Award Certificate, “Cause” shall mean any of the following acts by the Participant, as determined by the Committee: (i) the commission of any act by the Participant constituting financial dishonesty against the Company or any of its Affiliates (which act would be chargeable as a crime under applicable law); (ii) the Participant’s engaging in any other act of dishonesty, fraud, intentional misrepresentation, moral turpitude, illegality or harassment which would: (A) materially adversely affect the business or the reputation of the Company or any of its Affiliates with their respective then-current or prospective customers, suppliers, lenders and/or other third parties with whom such entity does or might do business; or (B) expose the Company or any of its Affiliates to a risk of civil or criminal legal damages, liabilities or penalties; (iii) the willful and repeated failure by the Participant to follow the lawful directives of the Board or the Participant’s supervisor; (iv) any material misconduct, material violation of the Company’s written policies, or willful and deliberate non-performance of duty by the Participant in connection with the business affairs of the Company or any of its Affiliates; or (v) the Participant’s material breach of any employment, severance, non-competition, non-solicitation, confidential information, or restrictive covenant agreement (including any Ownership of Work Product Acknowledgement), or similar agreement, with the Company or an Affiliate. The determination of the Committee as to the existence of “Cause” shall be conclusive on the Participant and the Company.

(g) “Change in Control” means and includes the occurrence of any one of the following events:

(i) during any consecutive 12-month period, individuals who, at the beginning of such period, constitute the Board (the “Incumbent Directors”) cease for any reason to constitute at least a majority of such Board, provided that any person becoming a director after the beginning of such 12-month period and whose election or nomination for election was approved by a vote of at least a majority of the Incumbent Directors then on the Board shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest with respect to the election or removal of directors (“Election Contest”) or other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board (“Proxy Contest”), including by reason of any agreement intended to avoid or settle any Election Contest or Proxy Contest, shall be deemed an Incumbent Director; or

(ii) any Person becomes a Beneficial Owner, directly or indirectly, of either (A) 35% or more of the then-outstanding shares of common stock of the Company (“Company Common Stock”) or (B) securities of the Company representing 35% or more of the combined voting power of the Company’s then outstanding securities eligible to vote for the election of directors (the “Company Voting Securities”); provided, however, that for purposes of this subsection (ii), the following acquisitions of Company Common Stock or Company Voting Securities shall not constitute a Change in Control:

(w) an acquisition directly from the Company, (x) an acquisition by the Company or a Subsidiary, (y) an acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary, or (z) an acquisition pursuant to a Non-Qualifying Transaction (as defined in subsection (iii) below); or

However, the mere fact that a Committee member shall fail to qualify as an Independent Director or shall fail to abstain from such action shall not invalidate any Award made by the Committee which Award is otherwise validly made under the Plan. The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. Unless and until changed by the Board, the Compensation Committee of the Board is designated as the Committee to administer the Plan. The Board may reserve to itself any or all of the authority and responsibility of the Committee under the Plan or may act as administrator of the Plan for any and all purposes. To the extent the Board has reserved any authority and responsibility or during any time that the Board is acting as administrator of the Plan, it shall have all the powers and protections of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4.1) shall include the Board. To the extent any action of the Board under the Plan conflicts with actions taken by the Committee, the actions of the Board shall control.

No member of the Committee will be liable for any good faith determination, act or omission in connection with the Plan or any Award.

4.3. AUTHORITY OF COMMITTEE. Except as provided in Section 4.1 hereof, the Committee has the exclusive power, authority and discretion to:

- (a) grant Awards;

- (c) determine the type or types of Awards to be granted to each Participant;
- (d) determine the number of Awards to be granted and the number of Shares or dollar amount to which an Award will relate;

- (f) prescribe the form of each Award Certificate, which need not be identical for each Participant;
- (g) decide all other matters that must be determined in connection with an Award;
- (h) establish, adopt or revise any rules, regulations, guidelines or procedures as it may deem necessary or advisable to administer the Plan;
- (i) make all other decisions and determinations that may be required under the Plan or as the Committee deems necessary or advisable to administer the Plan;
- (j) amend the Plan or any Award Certificate as provided herein; and
- (k) adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of the United States or any non-U.S. jurisdictions in which the Company or any Affiliate may operate, in order to assure the viability of the benefits of Awards granted to participants located in the United States or such other jurisdictions and to further the objectives of the Plan.

Notwithstanding any of the foregoing, grants of Awards to Non-Employee Directors hereunder shall (i) be subject to the applicable award limits set forth in Sections 5.1 and 5.4 hereof, and (ii) be made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of Non-Employee Directors as in effect from time to time that is approved and administered by the Board or the Committee. The Committee may not make other discretionary grants hereunder to Non-Employee Directors.

4.4. DELEGATION. The Committee may delegate to one or more of its members or to one or more officers of the Company or an Affiliate or to one or more agents or advisors such administrative duties or powers as it may deem advisable, and the Committee or any individuals to whom it has delegated duties or powers as aforesaid may employ one or more individuals to render advice with respect to any responsibility the Committee or such individuals may have under this Plan. In addition, the Committee may, by resolution, expressly delegate to one or more of its members or to one or more officers of the Company, the authority, within specified parameters as to the number and terms of Awards, to (i) designate officers and/or employees of the Company or any of its Affiliates to be recipients of Awards under the Plan, and (ii) to determine the number of such Awards to be received by any such Participants; provided, however, that such delegation of duties and responsibilities may not be made with respect to the grant of Awards to eligible participants who are subject to Section 16(a) of the 1934 Act at the Grant Date. The acts of such delegates shall be treated hereunder as acts of the Committee and such delegates shall report regularly to the Committee regarding the delegated duties and responsibilities and any Awards so granted.

4.5. INDEMNIFICATION. Each person who is or shall have been a member of the Committee, or of the Board, or an officer of the Company to whom authority was delegated in accordance with this Article 4, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or

her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Amended and Restated Certificate of Incorporation, as amended from time to time, or Amended and Restated Bylaws, as amended from time to time, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

ARTICLE 5

SHARES SUBJECT TO THE PLAN

5.1. **NUMBER OF SHARES.** Subject to adjustment as provided in Sections 5.2 and Section 14.1, the aggregate number of Shares reserved and available for issuance pursuant to Awards granted under the Plan shall be 42.05 million, plus a number of Shares (not to exceed 17.4 million) underlying awards outstanding as of June 21, 2019 under the Prior Plans that thereafter terminate or expire unexercised or are cancelled, forfeited or lapse for any reason. The maximum number of Shares that may be issued upon exercise of Incentive Stock Options granted under the Plan shall be 42.05 million. From and after June 21, 2019, no further awards shall be granted under the Prior Plans and the Prior Plans shall remain in effect only so long as awards granted thereunder shall remain outstanding.

5.2. **SHARE COUNTING.** Shares covered by an Award shall be subtracted from the Plan share reserve as of the Grant Date, but shall be added back to the Plan share reserve in accordance with this Section 5.2.

- (a) To the extent that all or a portion of an Award is canceled, terminates, expires, is forfeited or lapses for any reason, including by reason of failure to meet time-based and/or performance-based vesting requirements, any unissued or forfeited Shares originally subject to the Award will be added back to the Plan share reserve and again be available for issuance pursuant to Awards granted under the Plan.
- (b) Shares subject to Awards settled in cash will be added back to the Plan share reserve and again be available for issuance pursuant to Awards granted under the Plan.
- (c) The full number of Shares subject to an Option shall count against the number of Shares remaining available for issuance pursuant to Awards made under the Plan, even if the exercise price of an Option is satisfied through net-settlement or by delivering Shares to the Company (by either actual delivery or attestation).
- (d) The full number of Shares subject to a SAR that is settled in Shares shall count against the number of Shares remaining available for issuance pursuant to Awards made under the Plan (rather than the net number of Shares actually delivered upon exercise).
- (e) Shares withheld from an Award to satisfy tax withholding requirements shall count against the number of Shares remaining available for issuance pursuant to Awards granted under the Plan, and Shares delivered by a participant to satisfy tax withholding requirements shall not be added to the Plan share reserve.

(f) Shares repurchased by the Company on the open market with the proceeds of an Option exercise shall not be added to the Plan share reserve.

(g) Substitute Awards granted pursuant to Section 13.11 of the Plan shall not count against the Shares otherwise available for issuance under the Plan under Section 5.1.

(h) Subject to applicable Exchange requirements, shares available under a stockholder-approved plan of a company acquired by the Company (as appropriately adjusted to Shares to reflect the transaction) may be issued under the Plan pursuant to Awards granted to individuals who were not employees of the Company or its Affiliates immediately before such transaction and will not count against the maximum share limitation specified in Section 5.1.

5.3. STOCK DISTRIBUTED. Any Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock purchased on the open market.

5.4. LIMITATION ON AWARDS. Notwithstanding any provision in the Plan to the contrary (but subject to adjustment as provided in Article 14):

- (c) Restricted Stock and Stock Units. The maximum number of Shares of Restricted Stock, or Shares underlying Restricted Stock Units or Deferred Stock Units, other than Performance Awards, granted under the Plan in any calendar year to any one Participant (in the aggregate) shall be for 4,000,000 Shares.
- (d) Performance Awards. With respect to any one calendar year (i) the maximum amount that may be paid to any one Participant for Performance Awards payable in cash or property other than Shares shall be \$10,000,000 and (ii) the maximum number of Shares that may be paid to any one Participant for Performance Awards payable in Stock shall be 4,000,000 Shares. For purposes of applying these limits in the case of multi-year performance periods, the amount of cash or property or number of Shares deemed paid with respect to any one calendar year is the total amount payable or Shares earned for the performance period divided by the number of calendar year periods in the performance period.
- (e) Awards to Non-Employee Directors. With respect to any one calendar year, the aggregate compensation that may be granted to any non-employee director, including all meeting fees, cash retainers and retainers granted in the form of Awards, shall not exceed \$750,000, including in the case of a non-employee Chairman of the Board or Lead Director. For purposes of such limit, the value of Awards will be determined based on the aggregate Grant Date fair value of all awards issued to the director in such year (computed in accordance with applicable financial accounting rules).

(c) TIME AND CONDITIONS OF EXERCISE. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 13.6. The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or vested.

(d) PAYMENT. The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, and the methods by which Shares shall be delivered or deemed to be delivered to Participants. Without limiting the foregoing, any Incentive Stock Option granted to a Participant who at the Grant Date owns more than 10% of the voting power of all classes of shares of the Company must have an exercise price per Share of not less than 110% of the Fair Market Value per Share on the Grant Date and an Option term of not more than five years. If all of the requirements of Section 422 of the Code (including the above) are not met, the Option shall automatically become a Nonstatutory Stock Option.

(c) TIME AND CONDITIONS OF EXERCISE. The Committee shall determine the time or times at which a SAR may be exercised in whole or in part, subject to Section 13.6. Except for SARs granted to Participants outside the United States, no SAR shall be exercisable for more than ten years from the Grant Date.

9.2. ISSUANCE AND RESTRICTIONS. Restricted Stock, Restricted Stock Units or Deferred Stock Units shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, for example, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter, subject to Section 13.6. Except as otherwise provided in an Award Certificate or any special Plan document governing an Award, a Participant shall have none of the rights of a stockholder with respect to Restricted Stock Units or Deferred Stock Units until such time as Shares of Stock are paid in settlement of such Awards.

9.3. DIVIDENDS ON RESTRICTED STOCK. In the case of Restricted Stock, the Committee may provide that ordinary cash dividends declared on the Shares before they are vested (i) will be forfeited, (ii) will be deemed to have been reinvested in additional Shares or otherwise reinvested (subject to Share availability under Section 5.1 hereof) and subject to the same vesting provisions as provided for the host Award, or (iii) will be credited by the Company to an account for the Participant and accumulated without interest until the date on which the host Award becomes vested, and any dividends accrued with respect to forfeited Restricted Stock will be reconveyed to the Company without further consideration or any act or action by the Participant. In no event shall dividends be paid or distributed until the vesting restrictions of the underlying Award lapse.

9.4. FORFEITURE. Subject to the terms of the Award Certificate and except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Continuous Service during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock or Restricted Stock Units that are at that time subject to restrictions shall be forfeited.

9.5. DELIVERY OF RESTRICTED STOCK. Shares of Restricted Stock shall be delivered to the Participant at the Grant Date either by book-entry registration or by delivering to the Participant, or a custodian or escrow agent (including, without limitation, the Company or one or more of its employees) designated by the Committee, a stock certificate or certificates registered in the name of the Participant. If physical certificates representing shares of Restricted Stock are registered in the name of the Participant, such certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

ARTICLE 10 **PERFORMANCE AWARDS**

10.1. GRANT OF PERFORMANCE AWARDS. The Committee is authorized to grant any Award under this Plan, including cash-based Awards, with performance-based vesting criteria, on such terms and conditions as may be selected by the Committee. Any such Awards with performance-based vesting criteria are referred to herein as Performance Awards. The Committee shall have the complete discretion to determine the number of Performance Awards granted to each Participant and to designate the provisions of such Performance Awards as provided in Section 4.3. Any Dividend Equivalents granted with respect to a Performance Award shall be subject to Section 11.1.

10.2. PERFORMANCE GOALS. The Committee may establish performance goals for Performance Awards which may be based on any criteria selected by the Committee. Such performance goals may be described in terms of Company-wide objectives or in terms of objectives that relate to the performance of the Participant, an Affiliate or a division, region, department or function within the Company or an Affiliate. If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the

Company or an Affiliate conducts its business, or other events or circumstances render performance goals to be unsuitable, the Committee may modify such performance goals in whole or in part, as the Committee deems appropriate. If a Participant is promoted, demoted or transferred to a different business unit or function during a performance period, the Committee may determine that the performance goals or performance period are no longer appropriate and may (i) adjust, change or eliminate the performance goals or the applicable performance period as it deems appropriate to make such goals and period comparable to the initial goals and period, or (ii) make a cash payment to the participant in an amount determined by the Committee.

ARTICLE 11 DIVIDEND EQUIVALENTS

11.1. GRANT OF DIVIDEND EQUIVALENTS. The Committee is authorized to grant Dividend Equivalents with respect to Full-Value Awards granted hereunder, subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to ordinary cash dividends with respect to all or a portion of the number of Shares subject to a Full-Value Award, as determined by the Committee. The Committee may provide that Dividend Equivalents (i) will be deemed to have been reinvested in additional Shares or otherwise reinvested (subject to Share availability under Section 5.1 hereof) and subject to the same vesting provisions as provided for the host Award, or (ii) will be credited by the Company to an account for the Participant and accumulated without interest until the date on which the host Award becomes vested, and, in either case, any Dividend Equivalents accrued with respect to forfeited Awards will be reconveyed to the Company without further consideration or any act or action by the Participant. In no event shall dividends be paid or distributed until the vesting restrictions of the underlying Award lapse.

ARTICLE 12 STOCK OR OTHER STOCK-BASED AWARDS

12.1. GRANT OF STOCK OR OTHER STOCK-BASED AWARDS. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation (but subject to Section 13.6) Shares awarded purely as a “bonus” and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, and Awards valued by reference to book value per Share (or net asset value per Share) or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards. Any Dividend Equivalents granted with respect to an Award under this Section 12.1 shall be subject to Section 11.1.

ARTICLE 13 PROVISIONS APPLICABLE TO AWARDS

13.1. AWARD CERTIFICATES. Each Award shall be evidenced by an Award Certificate. Each Award Certificate shall include such provisions, not inconsistent with the Plan, as may be specified by the Committee.

13.2. FORM OF PAYMENT FOR AWARDS. At the discretion of the Committee, payment of Awards may be made in cash, Stock, a combination of cash and Stock, or any other form of property as the Committee shall determine. In addition, payment of Awards may include such terms, conditions, restrictions and/or limitations, if any, as the Committee deems appropriate, including, in the case of Awards paid in the form of Stock, restrictions on transfer and forfeiture provisions. Further, payment of Awards may be made in the form of a lump sum, or in installments, as determined by the Committee.

13.3. LIMITS ON TRANSFER. No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution; provided, however, that the Committee may (but need not) permit other transfers (other than transfers for value) where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

13.4. BENEFICIARIES. Notwithstanding Section 13.3, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Certificate applicable to the Participant, except to the extent the Plan and Award Certificate otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, any payment due to the Participant shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant, in the manner provided by the Company, at any time provided the change or revocation is filed with the Company.

13.5. STOCK TRADING RESTRICTIONS. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any Exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

13.6. MINIMUM VESTING REQUIREMENTS. Notwithstanding any other provision of the Plan to the contrary, equity-based Awards granted under the Plan shall vest no earlier than the first anniversary of the date the Award is granted; provided, that the following Awards shall not be subject to the foregoing minimum vesting requirement: any (i) substitute Awards granted pursuant to Section 13.11, (ii) Shares delivered in lieu of fully-vested cash Awards, (iii) Awards to Non-Employee Directors that vest on the earlier of the one-year anniversary of the date of grant and the next annual meeting of stockholders which is approximately one year after the immediately preceding year's annual meeting, and (iv) any additional Awards the Committee may grant, up to a maximum of five percent (5%) of the available share reserve authorized for issuance under the Plan pursuant to Section 5.1 (subject to adjustment under Section 14.1); and, provided, further, that the foregoing restriction does not apply to accelerated exercisability or vesting of any Award in cases of death, Disability or a Change in Control.

13.7. ACCELERATION UPON DEATH OR DISABILITY. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the termination of a person's Continuous Service by reason of death or Disability:

- (i) each of that Participant's outstanding Options and SARs, or the portions of such outstanding Options and SARs, as applicable, that are solely subject to time-based vesting requirements shall become vested and fully exercisable as of the date of termination;

(ii) each of that Participant's other outstanding Awards, or the portions of such other outstanding Awards, as applicable, that are solely subject to time-based vesting restrictions shall become vested, and such restrictions shall lapse as of the date of termination; and

(iii) each of that Participant's outstanding Options, SARs and other Awards, or the portions of such outstanding Options, SARs and other Awards, as applicable, that are solely subject to performance-vesting requirements or restrictions (the "Performance-Vesting Awards") shall be prorated by multiplying the number of shares or units underlying such Performance-Vesting Award by a fraction, the numerator of which is the number of days elapsed from the commencement of the applicable performance period through the date of termination, and the denominator of which is the number of days in such performance period (each a "Prorated Portion"). The Prorated Portion shall not expire on account of the Participant's termination and shall remain eligible to vest based upon actual performance over the applicable performance period, as provided in the Award Certificate or other special Plan document governing the Award. The remainder of each Performance-Vesting Award (the non-Prorated Portion) shall be forfeited and canceled as of the date of termination.

To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

13.8. EFFECT OF A CHANGE IN CONTROL. The provisions of this Section 13.8 shall apply in the case of a Change in Control, unless otherwise provided in the Award Certificate or any special Plan document or separate agreement with a Participant governing an Award.

(a) Awards Assumed or Substituted by Surviving Entity. With respect to Awards assumed by the Surviving Entity or otherwise equitably converted or substituted in connection with a Change in Control: if within two years after the effective date of the Change in Control, a Participant's employment is terminated without Cause or the Participant resigns for Good Reason, then (i) all of that Participant's outstanding Options, SARs and other Awards in the nature of rights that may be exercised shall become fully exercisable, (ii) all time-based vesting restrictions on his or her outstanding Awards shall lapse, and (iii) the payout level under all of that Participant's performance-based Awards that were outstanding immediately prior to effective time of the Change in Control shall be determined and deemed to have been earned as of the date of termination based upon (A) an assumed achievement of all relevant performance goals at the "target" level if the date of termination occurs during the first half of the applicable performance period, or (B) the actual level of achievement of all relevant performance goals against target (measured as of the end of the calendar quarter immediately preceding the date of termination), if the date of termination occurs during the second half of the applicable performance period, and, in either such case, there shall be a prorata payout to such Participant within sixty (60) days following the date of termination of employment (unless a later date is required by Section 17.3 hereof), based upon the length of time within the performance period that has elapsed prior to the date of termination of employment. With regard to each Award, a Participant shall not be considered to have resigned for Good Reason unless either (i) the Award Certificate includes such provision or (ii) the Participant is party to an employment, severance or similar agreement with the Company or an Affiliate that includes provisions in which the Participant is permitted to resign for Good Reason. Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

(b) Awards not Assumed or Substituted by Surviving Entity. Upon the occurrence of a Change in Control, and except with respect to any Awards assumed by the Surviving Entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Committee or the Board: (i) outstanding Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully exercisable, (ii) time-based vesting restrictions on outstanding Awards shall lapse, and (iii) the target payout opportunities attainable under outstanding performance-based Awards shall be deemed to have been fully earned as of the effective date of the Change in Control based upon (A) an assumed achievement of all relevant performance goals at the “target” level if the Change in Control occurs during the first half of the applicable performance period, or (B) the actual level of achievement of all relevant performance goals against target measured as of the date of the Change in Control, if the Change in Control occurs during the second half of the applicable performance period, and, in either such case, subject to Section 16.3, there shall be a prorata payout to Participants within sixty (60) days following the Change in Control (unless a later date is required by Section 16.3 hereof), based upon the length of time within the performance period that has elapsed prior to the Change in Control. Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

13.9. DISCRETION TO ACCELERATE AWARDS. Regardless of whether an event has occurred as described in Section 13.7 or 13.8 above, but subject to Section 13.6, the Committee may in its sole discretion at any time determine that all or a portion of a Participant’s Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable, that all or a part of the time-based vesting restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 13.9.

13.10. FORFEITURE EVENTS. Awards under the Plan shall be subject to any compensation recoupment policy that the Company may adopt from time to time that is applicable by its terms to the Participant. In addition, the Committee may specify in an Award Certificate that the Participant’s rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, (i) termination of employment for cause, (ii) violation of material Company or Affiliate policies, (iii) breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, (iv) other conduct by the Participant that is detrimental to the business or reputation of the Company or any Affiliate, or (v) a later determination that the vesting of, or amount realized from, a Performance Award was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, whether or not the Participant caused or contributed to such material inaccuracy. Nothing contained herein or in any Award Certificate prohibits the Participant from: (1) reporting possible violations of federal law or regulations, including any possible securities laws violations, to any governmental agency or entity; (2) making any other disclosures that are protected under the whistleblower provisions of federal law or regulations; or (3) otherwise fully participating in any federal whistleblower programs, including but not limited to any such programs managed by the U.S. Securities and Exchange.

13.11. SUBSTITUTE AWARDS. The Committee may grant Awards under the Plan in substitution for stock and stock-based awards held by employees of another entity who become

employees of the Company or an Affiliate as a result of a merger or consolidation of the former employing entity with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the former employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

ARTICLE 14 CHANGES IN CAPITAL STRUCTURE

14.1. MANDATORY ADJUSTMENTS. In the event of a nonreciprocal transaction between the Company and its stockholders that causes the per-share value of the Stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the authorization limits under Section 5.1 and Section 5.4 shall be adjusted proportionately, and the Committee shall make such adjustments to the Plan and Awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. Action by the Committee may include: (i) adjustment of the number and kind of shares that may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments that the Committee determines to be equitable. **Notwithstanding the foregoing, the Committee shall not make any adjustments to outstanding Options or SARs that would constitute a modification or substitution of the stock right under Treas. Reg. Section 1.409A-1(b)(5)(v) that would be treated as the grant of a new stock right or change in the form of payment for purposes of Code Section 409A.** Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock-split), a declaration of a dividend payable in Shares, or a combination or consolidation of the outstanding Stock into a lesser number of Shares, the authorization limits under Section 5.1 and Section 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically, without the necessity for any additional action by the Committee, be adjusted proportionately without any change in the aggregate purchase price therefor.

14.2. DISCRETIONARY ADJUSTMENTS. Upon the occurrence or in anticipation of any corporate event or transaction involving the Company (including, without limitation, any merger, reorganization, recapitalization, combination or exchange of shares, or any transaction described in Section 14.1), the Committee may, in its sole discretion, provide (i) that Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and non-forfeitable and exercisable (in whole or in part) and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the fair market value of the underlying Stock, as of a specified date associated with the transaction (or the per-shares transaction price), over the exercise or base price of the Award, (v) that performance targets and performance periods for Performance Awards will be modified, or (vi) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

14.3. GENERAL. Any discretionary adjustments made pursuant to this Article 14 shall be subject to the provisions of Section 14.2. To the extent that any adjustments made pursuant to this Article 14 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Options shall be deemed to be Nonstatutory Stock Options.

ARTICLE 15 AMENDMENT, MODIFICATION AND TERMINATION

15.1. AMENDMENT, MODIFICATION AND TERMINATION. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the number of Shares available under the Plan (other than pursuant to Article 14), (ii) expand the types of awards under the Plan, (iii) materially expand the class of participants eligible to participate in the Plan, (iv) materially extend the term of the Plan, or (v) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to stockholder approval; and provided, further, that the Board or Committee may condition any other amendment or modification on the approval of stockholders of the Company for any reason, including by reason of such approval being necessary or deemed advisable (i) to comply with the listing or other requirements of an Exchange, or (ii) to satisfy any other tax, securities or other applicable laws, policies or regulations. Except as otherwise provided in Section 14.1, without the prior approval of the stockholders of the Company, the Plan may not be amended to permit: (i) the exercise price or base price of an Option or SAR to be reduced, directly or indirectly, (ii) an Option or SAR to be cancelled in exchange for cash, other Awards, or Options or SARs with an exercise or base price that is less than the exercise price or base price of the original Option or SAR, or otherwise, or (iii) the Company to repurchase an Option or SAR for value (in cash or otherwise) from a Participant if the current Fair Market Value of the Shares underlying the Option or SAR is lower than the exercise price or base price per share of the Option or SAR.

15.2. AWARDS PREVIOUSLY GRANTED. At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

(a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the exercise or base price of such Award);

(b) Except as otherwise provided in Article 14, without the prior approval of the stockholders of the Company: (i) the exercise price or base price of an Option or SAR may not be reduced, directly or indirectly, (ii) an Option or SAR may not be cancelled in exchange for Options, SARs or other Awards with an exercise or base price that is less than the exercise price or base price of the original Option or SAR, or otherwise, and (iii) the Company may not repurchase an Option or SAR for value (in cash or otherwise) from a Participant if the current Fair Market Value of the Shares underlying the Option or SAR is lower than the exercise price or base price per share of the Option or SAR; and

(c) No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby. An outstanding Award shall not be deemed to be "adversely affected" by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the exercise or base price of such Award).

15.3. COMPLIANCE AMENDMENTS. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, the Board may amend the Plan or an Award Certificate, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or Award Certificate to any present or future law relating to plans of this or similar nature (including, but not limited to, Section 409A of the Code), and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 15.3 to any Award granted under the Plan without further consideration or action.

ARTICLE 16 GENERAL PROVISIONS

16.1. RIGHTS OF PARTICIPANTS.

(a) No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

(b) Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, or any Participant's service as a director, at any time, nor confer upon any Participant any right to continue as an employee, officer, or director of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

(c) Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company or any Affiliate and, accordingly, subject to Article 15, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company or any of its Affiliates.

(d) No Award gives a Participant any of the rights of a stockholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

16.2. WITHHOLDING. The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company or such Affiliate, an amount sufficient to satisfy federal, state, local and foreign taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the Plan. The obligations of the Company under the Plan will be conditioned on such payment or arrangements, and the Company or such Affiliate will, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant. Unless otherwise determined by the Committee at the time the Award is granted or thereafter, any such withholding requirement may be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the amount required to be withheld in accordance with applicable tax requirements, all in accordance with such procedures as the Committee approves (which procedures may permit withholding up to the maximum individual statutory rate in the applicable jurisdiction as may be permitted under then-current accounting principles to qualify for equity classification). All such elections shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

16.3. SPECIAL PROVISIONS RELATED TO SECTION 409A OF THE CODE.

(a) General. It is intended that the payments and benefits provided under the Plan and any Award shall either be exempt from the application of, or comply with, the requirements of Section 409A of the Code. The Plan and all Award Certificates shall be construed in a manner that effects such intent. Nevertheless, the tax treatment of the benefits provided under the Plan or any Award is not warranted or guaranteed. Neither the Company, its Affiliates nor their respective directors, officers, employees or advisers (other than in his or her capacity as a Participant) shall be held liable for any taxes, interest, penalties or other monetary amounts owed by any Participant or other taxpayer as a result of the Plan or any Award.

(b) Definitional Restrictions. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent that any amount or benefit that would constitute non-exempt “deferred compensation” for purposes of Section 409A of the Code (“Non-Exempt Deferred Compensation”) would otherwise be payable or distributable, or a different form of payment (e.g., lump sum or installment) of such Non-Exempt Deferred Compensation would be effected, under the Plan or any Award Certificate by reason of the occurrence of a Change in Control, or the Participant’s Disability or separation from service, such Non-Exempt Deferred Compensation will not be payable or distributable to the Participant, and/or such different form of payment will not be effected, by reason of such circumstance unless the circumstances giving rise to such Change in Control, Disability or separation from service meet any description or definition of “change in control event”, “disability” or “separation from service”, as the case may be, in Section 409A of the Code and applicable regulations (without giving effect to any elective provisions that may be available under such definition). This provision does not affect the dollar amount or prohibit the *vesting* of any Award upon a Change in Control, Disability or separation from service, however defined. If this provision prevents the payment or distribution of any amount or benefit, or the application of a different form of payment of any amount or benefit, such payment or distribution shall be made at the time and in the form that would have applied absent the non-409A-conforming event.

(c) Allocation among Possible Exemptions. If any one or more Awards granted under the Plan to a Participant could qualify for any separation pay exemption described in Treas. Reg. Section 1.409A-1(b)(9), but such Awards in the aggregate exceed the dollar limit permitted for the separation pay exemptions, the Company (acting through the CEO or the Committee, in the case of executive officers and directors, or the Head of Human Resources, in the case of Participants other than executive officers and directors) shall determine which Awards or portions thereof will be subject to such exemptions.

(d) Six-Month Delay in Certain Circumstances. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, if any amount or benefit that would constitute Non-Exempt Deferred Compensation would otherwise be payable or distributable under this Plan or any Award Certificate by reason of a Participant’s separation from service during a period in which the Participant is a Specified Employee, then, subject to any permissible acceleration of payment by the Committee under Treas. Reg. Section 1.409A-3(j)(4)(ii) (domestic relations order), (j)(4)(iii) (conflicts of interest), or (j)(4)(vi) (payment of employment taxes):

(i) the amount of such Non-Exempt Deferred Compensation that would otherwise be payable during the six-month period immediately following the Participant’s separation from service will be accumulated through and paid or provided on the first day of the seventh month following the Participant’s separation from service (or, if the Participant dies during such period, within 30 days after the Participant’s death) (in either case, the “Required Delay Period”); and

(ii) the normal payment or distribution schedule for any remaining payments or distributions will resume at the end of the Required Delay Period.

(e) Installment Payments. If, pursuant to an Award, a Participant is entitled to a series of installment payments, such Participant's right to the series of installment payments shall be treated as a right to a series of separate payments and not to a single payment. For purposes of the preceding sentence, the term "series of installment payments" has the meaning provided in Treas. Reg. Section 1.409A-2(b)(2)(iii) (or any successor thereto).

(f) Timing of Release of Claims. Whenever an Award conditions a payment or benefit on the Participant's execution and non-revocation of a release of claims, such release must be executed and all revocation periods shall have expired within 60 days after the date of termination of the Participant's employment; failing which such payment or benefit shall be forfeited. If such payment or benefit is exempt from Section 409A of the Code, the Company may elect to make or commence payment at any time during such 60-day period. If such payment or benefit constitutes Non-Exempt Deferred Compensation, then, subject to subsection (d) above, (i) if such 60-day period begins and ends in a single calendar year, the Company may make or commence payment at any time during such period at its discretion, and (ii) if such 60-day period begins in one calendar year and ends in the next calendar year, the payment shall be made or commence during the second such calendar year (or any later date specified for such payment under the applicable Award), even if such signing and non-revocation of the release occur during the first such calendar year included within such 60-day period. In other words, a Participant is not permitted to influence the calendar year of payment based on the timing of signing the release.

(g) Permitted Acceleration. The Company shall have the sole authority to make any accelerated distribution permissible under Treas. Reg. Section 1.409A-3(j)(4) to Participants of deferred amounts, provided that such distribution(s) meets the requirements of Treas. Reg. Section 1.409A-3(j)(4).

16.4. UNFUNDED STATUS OF AWARDS. The Plan is intended to be an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate. In its sole discretion, the Committee may authorize the creation of grantor trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or payments in lieu of Shares or with respect to Awards. This Plan is not intended to be subject to ERISA.

16.5. RELATIONSHIP TO OTHER BENEFITS. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan. Nothing contained in the Plan will prevent the Company from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

16.6. EXPENSES. The expenses of administering the Plan shall be borne by the Company and its Affiliates.

16.7. TITLES AND HEADINGS. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

16.8. GENDER AND NUMBER. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

16.9. FRACTIONAL SHARES. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

16.10. GOVERNMENT AND OTHER REGULATIONS.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

16.11. GOVERNING LAW. To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Delaware.

16.12. SEVERABILITY. In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability will not be construed as rendering any other provisions contained herein as invalid or unenforceable, and all such other provisions will be given full force and effect to the same extent as though the invalid or unenforceable provision was not contained herein.

16.13. NO LIMITATIONS ON RIGHTS OF COMPANY. The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft or assume awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such

lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.
