CommScope Announces Sale of 20,000,000 Shares of Common Stock by Affiliate of The Carlyle Group

HICKORY, NC, June 10, 2015 – CommScope Holding Company, Inc. (NASDAQ: COMM) has announced the sale of 20,000,000 shares of its common stock on an underwritten basis by an affiliate of The Carlyle Group. In addition, the underwriter will have an option to purchase up to 3,000,000 additional shares from Carlyle. CommScope will not receive any of the proceeds from the offering of shares by Carlyle. Closing of the offering is expected to occur on or about June 16, 2015, subject to customary closing conditions.

J.P. Morgan Securities LLC is acting as the sole underwriter for the offering. J.P. Morgan Securities LLC proposes to offer the shares of common stock from time to time to purchasers directly or through agents, or through brokers in brokerage transactions on the Nasdaq Global Select Market, or to dealers in negotiated transactions or in a combination of such methods of sale, at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

Following the offering, Carlyle will continue to beneficially own 61,216,970 shares, or approximately 32%, of CommScope's outstanding common stock after giving effect to the offering (or 58,216,970 shares, or approximately 31%, if the underwriter fully exercises its option to purchase additional shares). The sale of the shares of common stock contemplated hereby will trigger the obligation under the Amended and Restated Stockholders Agreement for three Carlyle designees to CommScope's Board of Directors to resign upon closing of the offering. In addition, going forward, Carlyle will only be afforded the right to designate six directors rather than nine. However, CommScope's Board of Directors anticipates that it will waive the obligation that three Carlyle designees immediately resign and allow such directors to continue to serve their remaining terms.
