Ended the quarter with over \$580 million in cash and total liquidity of over \$1.3 billion

Refinanced our 2021 and 2024 notes and extended maturities out to 2028.

EXECUTIVE PROFILE

Charles "Chuck" Treadway
President and CEO
CommScope

New CommScope CEO focused on growth and shareholder value

[Chuck Treadway](#) is the president and chief executive officer of CommScope. In his first 30 days, Chuck was able to visit several CommScope U.S. sites as well as speak with customers and partners. He expressed excitement saying, "The visits and conversations have been tremendously energizing and I see that now, more than ever, networks are the lifeblood to our economies, the education of our children, and the element keeping us connected on a personal level. I look forward to working with our teams to grow the company and expand on our [legacy of innovation](#) and industry leadership."

TECHNOLOGY SPOTLIGHT

Wi-Fi 6E

The Wi-Fi Alliance extended the Wi-Fi 6 standard to include the new 6 GHz band of spectrum under the name [Wi-Fi 6E](#). The addition of the 6 GHz band creates new use cases in both enterprise and consumer markets, bringing higher performance, lower latency, and faster data rates. Find out more in this [video](#) on Wi-Fi 6E for the home and this Firewalls.com [podcast](#).

NOW MEETS NEXT | Powering the 10G Smart Home of the Future

In September, CommScope announced that Mediacom Communications selected its end-to-end connectivity solutions to power the ultrafast broadband network in its milestone 10G trial, conducted with CableLabs® and The Internet & Television Association (NCTA). The groundbreaking trial is expected to deliver ultrafast, low-latency, reliable, and secure connectivity to a 10G smart home, supporting future home automation, VR/AR, gaming, holographic display, and consumer applications in a real-world environment. [Watch the expert panel discuss the trial at the SCTE Cable-Tec Expo.](#)
